#### Series Statement

Series Name: National Incident-Based Reporting System  
Series Information: The National Incident Based Reporting System (NIBRS) is an incident-based reporting system for crimes known to the police. For each crime incident coming to the attention of law enforcement, a variety of data are collected about the incident. These data include the nature and types of specific offenses in the incident, characteristics of the victim(s) and offender(s), types and value of property stolen and recovered, and characteristics of persons arrested in connection with a crime incident.

### Study Scope

#### Subject Information

Keyword(s): arrests, crime, crime rates, crime reporting, law enforcement agencies, national crime statistics (USA), offenders, offenses, property crime, Uniform Crime Reports, victims, violent crime  
Topic Classification(s): Social Institutions and Behavior, Crime and the Criminal Justice System

**Abstract**

Uniform Crime Reporting (UCR) is a city, county, state, and Federal law enforcement program. This Program provides a nationwide view of crime based on the submission of crime information by law enforcement agencies throughout the country. The crime data are submitted either through a state UCR Program or directly to the national UCR Program, which is administered by the FBI. For over half a century, the data have been used in law enforcement administration, operation, and management, as well as to indicate the levels and nature of crime in the United States.

In the 1920s, the International Association of Chiefs of Police (IACP) envisioned the need for statistics on crime in our Nation. The Committee on Uniform Crime Records of the IACP developed this national data collection effort in 1930 and continues to work with the FBI in its efforts with UCR today. During that same year, the IACP was instrumental in gaining congressional approval, which authorized the FBI to serve as the national clearinghouse for statistical information on crime. The National Sheriffs' Association, in June 1966, established a Committee on Uniform Crime Reporting to work with the FBI and to encourage sheriffs throughout the country to participate fully in the Program.

Throughout its first 60 years of operation, the UCR Program remained virtually unchanged in terms of the data collected and disseminated. As time progressed, a broad utility evolved for UCR data, and law enforcement expanded its capabilities to supply crime information. In the late 1970s, the law enforcement community called for a thorough evaluative study of UCR with the objective of recommending an expanded and enhanced UCR Program to meet law enforcement needs into the 21st century.

The FBI fully concurred with the need for an updated Program to meet contemporary needs and provided its support, formulating a comprehensive redesign effort. Following a multi year study, a "Blueprint for the Future of the Uniform Crime Reporting Program" was developed. Using the "Blueprint" and in consultation with local and state law enforcement executives, new guidelines for Uniform Crime Reports were formulated. The National Incident-Based Reporting System (NIBRS) is being implemented to meet these guidelines.

NIBRS will offer law enforcement and the academic community more comprehensive data than ever before available for management, training, planning, research, etc. The implementation of NIBRS will be at a pace commensurate with the resources, abilities, and limitations of the contributing law enforcement agencies. Since Uniform Crime Reporting, in particular NIBRS, is voluntary the pace of NIBRS implementation will be affected by the willingness of law enforcement agencies to participate.

**Summary Data Description**

Time Period:	January 1, 2005 - December 31, 2005
Country:	United States
Geographic Coverage:	United States
Geographic Unit:	City
Unit of Analysis:	See note below.
Universe:	Law enforcement agencies in the United States participating in the National Incident-Based Reporting System.
Kind of Data:	Event/transaction data

**Notes**

UNIT OF ANALYSIS

## - Study 04720 -

NIBRS contains data on different aspects of crime incidents, such as offenses, victims, offenders, arrestees, etc. These different aspects can be examined as different units of analysis. The phrase "unit of analysis" refers to the subject the researcher is examining. Statistical programs often refer to this as a case. The concept of unit of analysis is one aspect of NIBRS that makes the data challenging to work with. In NIBRS data the unit of analysis may correspond to any of the individual segment levels (offenses, property, victims, offenders, or arrestees), or it may be the crime incident itself. Users of NIBRS data should decide early in the research process what the unit of analysis will be. It is very easy to obtain erroneous results by using an incorrect unit of analysis.

### LINKAGE VARIABLES

To work with variables listed on two or more segment levels, the segment level files must be merged. The variables used to merge the files are the originating agency identifier (ORI) and the incident number. All segment levels except the batch header contain both the ORI and incident number. The batch header only contains the ORI. Within each segment level, these variables taken together uniquely identify a record:

Level	Variables
B1 - Batch Header	ORI
B2 - Batch Header	ORI
B3 - Batch Header	ORI
01 - Administrative	ORI, Incident number
02 - Offense	ORI, Incident number, UCR Offense code
03 - Property	ORI, Incident number, Type of Property Loss, Property Description
04 - Victim	ORI, Incident number, Victim sequence number
05 - Offender	ORI, Incident number, Offender sequence number
06 - Arrestee	ORI, Incident number, Arrestee sequence number
W1 - Incident	ORI, Incident number
W3 - Property	ORI, Incident number, Property Description
W6 - Arrestee	ORI, Incident number, Arrestee sequence number

### BLANKS AND SYSTEM MISSING DATA

Blank and system missing values were not recoded or labeled. These values often have a substantive meaning. Users of NIBRS data should refer to the variable documentation to determine the meaning of blanks and system missing values.

### NIBRS DATES

The NIBRS dataset includes several date variables. A crime incident will be included in the 2005 dataset if any of these dates are in 2005. Other dates in the data may be for years other than 2005. For example, an arrest date of 2005 may correspond to an incident date of 2004. Both dates will be contained in the dataset.

- Study 04720 -

JURISDICTIONAL REPORTING RULES

Throughout the Nation there are thousands of law enforcement agencies, some of which have overlapping jurisdictions. To be certain that data are not reported more than once by overlapping jurisdictions, the following guidelines have been developed:

1. City law enforcement agencies report offenses that occur within their city boundaries.
2. County and state law enforcement agencies report offenses that take place in the county outside the limits of the city.
3. Federal agencies report offenses within their investigative jurisdictions if they are not being reported by a local/State law enforcement agency. (NOTE: At present there are no Federal agencies' data in the collection.)
4. When two or more Federal, State, or local agencies are involved in the investigation of the same offense and there is a written or oral agreement defining the roles of the investigating agencies, the agreement should designate which agency will report the offense.
5. When two or more Federal agencies are involved in the investigation of the same offense and there is no written or oral agreement defining their roles, the Federal agency having "lead" or "primary" investigative jurisdiction will report the incident. If there is uncertainty as to which is the "lead" or "primary" agency, the agencies should agree on which agency will report the offense.
6. Agencies report only those arrests made for offenses committed within their own boundaries/jurisdictions.
7. Likewise, the recovery of property is reported only by the agency that first reported it missing and/or stolen, regardless of whom or which agency recovered it.

**Methodology and Processing**

**Data Collection Methodology**

Time Method:	Cross-section
Data Collector:	United States Department of Justice. Federal Bureau of Investigation
Frequency of Data Collection:	Monthly
Sampling Procedure:	NIBRS is an incident-based reporting system which means data are collected on each single crime occurrence. NIBRS data are designed to be generated as a by-product of local, State, and Federal automated records management systems. Thus, an agency can build its own system to suit its individual needs, including all the information required for administrative and operational purposes. Only the data required by NIBRS are then reported to the national UCR Program.

## - Study 04720 -

NIBRS collects data on each single incident and arrest within 22 offense categories made up of 46 specific crimes called Group A offenses (p. 174). For each of the offenses coming to the attention of law enforcement, various facts about the crime are collected. In addition to the Group A offenses, there are 11 Group B offense categories (p. 174) for which only arrest data are reported.

Central to NIBRS is the concept of a crime incident. An incident is defined for NIBRS reporting purposes as one or more offenses committed by the same offender, or group of offenders acting in concert, at the same time and place. "Acting in concert" requires that the offenders actually commit or assist in the commission of the crime(s). The offenders must be aware of, and consent to, the commission of the crime(s); or even if nonconsenting, their actions assist in the commission of the offense(s). This is important because all of the offenders in an incident are considered to have committed all of the offenses in the incident. If one or more of the offenders did not act in concert, then there is more than one incident involved.

The phrase "same time and place" means that the time interval between the offenses and the distance between the locations where they occurred were insignificant. Normally, the offenses must have occurred during an unbroken period of time and at the same or adjoining location(s). However, incidents can also consist of offenses which by their nature involve continuing criminal activity by the same offender(s) at different times and places, as long as the activity is deemed to constitute a single criminal transaction. See p. 177 for examples of crime incidents.

Mode of Data Collection:	Mail-in forms
Type of Research Instrument:	Structured
Characteristics of Data Collection Situation:	The data for the NATIONAL INCIDENT-BASED REPORTING SYSTEM are submitted voluntarily by city, county, and state law enforcement agencies. Some agencies receive forms directly from the FBI and return them directly to the FBI. Many others receive forms from state collecting programs and return these forms to those programs. The state programs, in turn, forward the reports to the FBI. Reports are sent out and collected on a monthly basis.
Control Operations:	Once received, the FBI checks the agencies' reports for completeness and arithmetical accuracy. If an unusual fluctuation is detected in an agency's crime count, the FBI compares those counts with counts from previous reports or compares the frequencies to those of agencies similar to the agency in question. When necessary, law enforcement agencies are contacted to correct or explain the figures.

### Notes

#### Group A Offenses

Each Group A Incident Report can contain up to six distinct records, each of which is referred to as a segment. Most segments can occur multiple times for a given crime incident. An incident report may consist of many possible combinations of circumstances ranging from a simple one administrative, offense, victim, and offender situation, to a complex set of multiple offenses, property losses, victims, offenders, and arrestees. In addition, each of the victims may not be involved in each of the offenses. In other words, one, some, or all of the victims may be connected to each applicable offense.

#### Group B Offenses

There are 11 Group B offense categories. Only arrestee data are reported for Group B Crimes.

## - Study 04720 -

### Window Segment Levels

Window Segments reflect data in which the complete Group A Incident Report was not submitted to the FBI; rather, only a portion of the incident was submitted. A Window Segment record will be generated if the incident occurred prior to January 1 of the previous year or the incident occurred prior to when the agency began submitting NIBRS data to the FBI.

## Data Access

### Dataset Availability

Location: Inter-university Consortium for Political and Social Research, National Archive of Criminal Justice Data

Availability Status: SINGLE-FILE (original FBI format) vs. MULTIPLE FILES (ICPSR format)

NIBRS data as formatted by the FBI are stored in a single file. These data are organized by various segment levels (record types). There are six main segment levels: administrative, offense, property, victim, offender, and arrestee. Each segment level has a different length and layout. There are other segment levels which occur with less frequency than the six main levels. Significant computing resources are necessary to work with the data in its single-file format. In addition, the user must be sophisticated in working with data in complex file types. While it is convenient to think of NIBRS as a hierarchical file, its structure is more similar to a relational database in that there are key variables that link the different segment levels together.

Recognizing many differences in computing resources and that many users will be interested in only one or two segment levels, ICPSR has decided to make the data available as multiple files. Each NIBRS segment level in the FBI's single-file format has been made into a separate rectangular ASCII data file. Linkage (key) variables are used to perform analyses that involve two or more segment levels.

If the user is interested in variables contained in one segment level, then the data are easy to work with since each segment level file is simply a rectangular ASCII data file. Setup files are available to read each segment level. Also, with only one segment level, the issue of unit of analysis is greatly simplified.

However, if the user is interested in variables that are contained on two or more segment levels, then it is necessary to merge files, decide on the unit of analysis, and decide on the number of records per level to read. These are decisions that are necessary regardless of whether the data are stored in one large file or in separate files. Examples of working with two or more segment levels are included on the National Archive of Criminal Justice Data (NACJD) Website, <http://www.icpsr.umich.edu/NACJD/>

Consider an analysis involving variables from the victim (04) and offender (05) segment levels. Three units of analysis are available: the victim, the offender, and the incident itself. In addition, there may be up to 999 victim records per incident and up to 99 offender records per incident. The vast majority of incidents have only one or two victims and offenders. If the user does not limit the number of records read per incident, the analysis file will contain mostly missing data and will be excessively large. In fact, the analysis file could end up being much larger than all the segment levels combined. So in this case the user must determine both the unit of analysis and the number of records per segment level to be read, and then merge the victim and offender files accordingly.

Extent of Collection: 13 data files + machine-readable documentation (PDF) + SAS data definition statements + SPSS data definition statements

- Study 04720 -

Notes:

STATES INCLUDED

The 2005 NIBRS dataset contains Group A incident records from 31 states and the District of Columbia. Some of these states report completely under NIBRS. In other states some law enforcement agencies report under NIBRS and some report under the summary UCR system.

Notes

The ICPSR has created separate files for each segment level (record type) on the NIBRS data. Each data file is sorted by ORI and incident number. On each file a variable (N RECORDS PER ORI-INCIDENT NUMBER) has been added that indicates the number of records that are within a block of records specified by ORI and incident number. This variable has a valid integer value for the first record in an incident, and it is system missing for subsequent records. For example, if the victim segment file contains three victim records for a particular ORI and incident number, these records would be shown as:

VARIABLES	N records per ORI-Incident Number
Victim record 1	3
Victim record 2	(sysmis)
Victim record 3	(sysmis)

This variable is important when two or more files (segment levels) are being merged or restructured.

ICPSR performed additional processing tasks on these data. ICPSR checked to ensure records are uniquely identified as described above. All possible code values are documented for each variable. Each data file was sorted by ORI and incident number in ascending order.

## Data Files Description

### File-by-File Description

File Name:	Batch Header Segment 1 of 3
Contents of Files:	<p>The Batch Header Segments separate and identify individual police agencies by Originating Agency Identifier (ORI). An individual police agency (ORI) will appear in the batch header segments once. Each agency's information is contained on three batch header records.</p> <p>Batch Header Segment 1 (Level B1) - The first batch header segment describes the agency by indicating city name, geographic information such as population group and country division and region, and whether the agency is covered by another NIBRS reporting agency.</p>
File Dimensions:	<ul style="list-style-type: none"><li>• No. of Cases: 20,876</li><li>• No. of Variables: 20</li><li>• Record Length: 135</li><li>• Records per Case: 1</li><li>• Overall No. of Records: 20,876</li></ul>
Type of File:	ASCII
Data Format:	Rectangular

**File-by-File Description**

File Name:	Batch Header Segment 2 of 3
Contents of Files:	Batch Header Segment 2 (Level B2) - The second batch header segment further describes the agency by indicating the population covered by the agency, its UCR county code, and UCR MSA code. Up to five sets of these codes are included for each agency.
File Dimensions:	<ul style="list-style-type: none"><li>• No. of Cases: 20,876</li><li>• No. of Variables: 22</li><li>• Record Length: 135</li><li>• Records per Case: 1</li><li>• Overall No. of Records: 20,876</li></ul>
Type of File:	ASCII
Data Format:	Rectangular

**File-by-File Description**

File Name:	Batch Header Segment 3 of 3
Contents of Files:	Batch Header Segment 3 (Level B3) - The third batch header segment continues describing the agency by indicating the FIPS county codes applicable to the agency. Up to five sets of codes are included.
File Dimensions:	<ul style="list-style-type: none"><li>• No. of Cases: 20,876</li><li>• No. of Variables: 30</li><li>• Record Length: 135</li><li>• Records per Case: 1</li><li>• Overall No. of Records: 20,876</li></ul>
Type of File:	ASCII
Data Format:	Rectangular

### File-by-File Description

File Name:	Administrative Segment
Contents of Files:	Administrative Segment (Level 01) - The administrative segment of the Group A Incident Report allows the national UCR Program to uniquely identify each criminal incident reported under NIBRS, along with common characteristics of all offenses within each incident, e.g., the date and hour the incident occurred. Each crime incident has one administrative segment record. Thus, the number of crime incidents included in NIBRS data is generally equal to the number of administrative records.
File Dimensions:	<ul style="list-style-type: none"><li>• No. of Cases: 4,614,054</li><li>• No. of Variables: 15</li><li>• Record Length: 61</li><li>• Records per Case: 1</li><li>• Overall No. of Records: 4,614,054</li></ul>
Type of File:	ASCII
Data Format:	Rectangular

### Version Statement

## File-by-File Description

File Name: Offense Segment

Contents of Files: Offense Segment (Level 02) - All offenses associated with a crime incident, up to ten, are listed on separate records. In NIBRS, all Group A offenses occurring in an incident are to be reported. Care must be taken to identify all such offenses involved in an incident. For example, a rape case might also involve the crimes of motor vehicle theft and kidnapping, and they should all be reported. Care must also be taken to ensure that each offense which is reported is a separate, distinct crime, rather than just a part of another offense. For example, every robbery includes some type of assault; because the assault is an element which makes up the crime of robbery, only the robbery should be reported. If during a robbery, however, the victim is forced to engage in sexual relations, both robbery and forcible rape should be reported, as forced sexual intercourse is not an element of robbery. Burglary is another example in that it almost always includes a larceny offense. Because burglary is defined in terms of theft, only the burglary is to be reported. Information on at least one offense must be included in each Group A Incident Report.

Example 1: If an incident involved robbery and rape, two sets of offense data should be reported - one with the UCR offense code for robbery (120) and the other for forcible rape (11A).

Example 2: Even if two females were raped in Example 1 only one set of offense data should be reported with the offense code 11A. The two rape victims would be recorded in the victim data portion of the report. That is, an offense of forcible rape occurred, and there were two victims.

File Dimensions:

- No. of Cases: 5,079,639
- No. of Variables: 21
- Record Length: 62
- Records per Case: 1
- Overall No. of Records: 5,079,639

Type of File: ASCII

Data Format: Rectangular

## File-by-File Description

File Name:	Property Segment
Contents of Files:	Property Segment (Level 03) - Property data are collected to describe the type, value, and (for drugs and narcotics seized in drug cases) quantity of property involved in the incident. Each property segment record contains information on a combination of TYPE OF PROPERTY LOSS - PROPERTY DESCRIPTION. For example, if an automobile, computer equipment, and a dwelling are all vandalized during a crime incident, there will be three property segment records. Each of the three will be coded with a TYPE OF PROPERTY LOSS of "vandalized." The three records will then be uniquely coded with a PROPERTY DESCRIPTION of "automobile," "computer equipment," and "dwelling," respectively.
File Dimensions:	<ul style="list-style-type: none"><li>• No. of Cases: 5,338,234</li><li>• No. of Variables: 24</li><li>• Record Length: 105</li><li>• Records per Case: 1</li><li>• Overall No. of Records: 5,338,234</li></ul>
Type of File:	ASCII
Data Format:	Rectangular

## Notes

The following offenses/offense categories can have property records associated with the incident:

- Arson
- Bribery
- Burglary/Breaking and Entering
- Counterfeiting/Forgery
- Destruction/Damage/Vandalism of Property
- Drug/Narcotic Offenses
- Embezzlement
- Extortion/Blackmail
- Fraud Offenses
- Gambling Offenses
- Kidnapping/Abduction
- Larceny, Theft Offenses
- Motor Vehicle Theft
- Robbery
- Stolen Property Offenses

**File-by-File Description**

File Name:	Victim Segment
Contents of Files:	Victim Segment (Level 04) - Victim data are collected to describe the victims involved in the incident. A separate set of victim data is recorded for each of the (up to 999) victims involved in the incident. There must be at least one set of victim data for each crime incident.
File Dimensions:	<ul style="list-style-type: none"><li>• No. of Cases: 5,067,759</li><li>• No. of Variables: 54</li><li>• Record Length: 138</li><li>• Records per Case: 1</li><li>• Overall No. of Records: 5,067,759</li></ul>
Type of File:	ASCII
Data Format:	Rectangular

### File-by-File Description

File Name:	Offender Segment
Contents of Files:	Offender Segment (Level 05) - Offender data include characteristics (age, sex, and race) of each offender (up to 99) involved in a crime incident whether or not an arrest has been made. The object is to capture any information known to law enforcement concerning the offenders even though they may not have been identified. There are, of course, instances where no information about perpetrators is known.
File Dimensions:	<ul style="list-style-type: none"><li>• No. of Cases: 5,235,653</li><li>• No. of Variables: 10</li><li>• Record Length: 42</li><li>• Records per Case: 1</li><li>• Overall No. of Records: 5,235,653</li></ul>
Type of File:	ASCII
Data Format:	Rectangular

**File-by-File Description**

File Name:	Arrestee Segment
Contents of Files:	Arrestee Segment (Level 06) - Arrestee data are to be reported for all persons apprehended for the commission of Group A or Group B crimes, that is, all offenses except justifiable homicide (not a crime). It must be remembered that the object here is to collect data on persons arrested, not on charges lodged. For example, a person may be arrested on several charges in connection with the same incident. In this situation, only one set of arrestee data would be reported. However, if many incidents were cleared by a single arrest there would be only one arrest record. In such cases, the multiple arrestee segments indicator would have a value of "C" for one arrest and "M" for the rest. This allows the tallying of all clearances resulting from the arrest while at the same time indicating the actual number of persons arrested.
File Dimensions:	<ul style="list-style-type: none"><li>• No. of Cases: 1,334,625</li><li>• No. of Variables: 20</li><li>• Record Length: 76</li><li>• Records per Case: 1</li><li>• Overall No. of Records: 1,334,625</li></ul>
Type of File:	ASCII
Data Format:	Rectangular

**File-by-File Description**

File Name:	Group B Arrestee Segment
Contents of Files:	Group B Arrest Report Segment (Level 07) - Because of the different natures of Group A and B offenses, not all details required for Group A Incident Reports are requested for Group B Arrest Reports. Only arrestee data are required for Group B crimes. No other information need be supplied for Group B offenses.
File Dimensions:	<ul style="list-style-type: none"><li>• No. of Cases: 1,457,435</li><li>• No. of Variables: 18</li><li>• Record Length: 59</li><li>• Records per Case: 1</li><li>• Overall No. of Records: 1,457,435</li></ul>
Type of File:	ASCII
Data Format:	Rectangular

**File-by-File Description**

File Name:	Window Exceptional Clearance Segment
Contents of Files:	<p>Window Segments reflect data in which the complete Group A Incident Report was not submitted to the FBI; rather, only a portion of the incident was submitted. A Window Segment record will be generated if the incident occurred prior to January 1 of the previous year or the incident occurred prior to when the agency began submitting NIBRS data to the FBI.</p> <p>Window Exceptional Clearance Segment (Level W1) - This segment contains the same data elements as the Administrative Segment (01), plus up to 10 Group A offenses associated with the incident. In NIBRS, the submission of arrestee data automatically clears all offenses within an incident. Incidents can likewise be cleared by exceptional means when some element beyond law enforcement control precludes a physical arrest. Any exceptional clearance in an incident clears all related offenses. Exceptional clearances can be made and should be reported under one of the following five circumstances: 1) death of the offender, 2) prosecution denied, 3) extradition denied, 4) victim refused to cooperate, 5) juvenile/no custody. However, exceptional clearance of an incident does not necessarily result in a window exceptional clearance record. Such a record is only produced when an exceptional clearance occurs and a condition described in the previous paragraph also exists.</p> <p>Example: A kidnapper holding a hostage killed himself when the building in which he barricaded himself was surrounded by police. The kidnapping is cleared exceptionally under "death of the offender." Even though the kidnapping is cleared exceptionally, no window exceptionally cleared record is generated. If, in addition, the kidnapper was also wanted for an armed robbery which occurred prior to January of the previous year, then the death of the offender would also exceptionally clear the armed robbery, and a window exceptionally cleared record would be generated for its clearance.</p>
File Dimensions:	<ul style="list-style-type: none"><li>• No. of Cases: 1,700</li><li>• No. of Variables: 25</li><li>• Record Length: 91</li><li>• Records per Case: 1</li><li>• Overall No. of Records: 1,700</li></ul>
Type of File:	ASCII
Data Format:	Rectangular

**File-by-File Description**

File Name:	Window Recovered Property Segment
Contents of Files:	<p>Window Recovered Property Segment (Level W3) - This segment contains the same data elements as the Property Segment (03) plus up to 10 Group A property offenses associated with the incident.</p> <p>Example: Stolen property is recovered in the current year from a burglary that occurred prior to January 1 of the previous year. A Window Recovered Property Segment record will be generated.</p>
File Dimensions:	<ul style="list-style-type: none"><li>• No. of Cases: 799</li><li>• No. of Variables: 34</li><li>• Record Length: 135</li><li>• Records per Case: 1</li><li>• Overall No. of Records: 799</li></ul>
Type of File:	ASCII
Data Format:	Rectangular

**File-by-File Description**

File Name: Window Arrestee Segment

Contents of Files: Window Arrests Segment (Level W6) - This segment contains the same data elements as the Arrestee Segment (06) plus window clearance flag and up to ten Group A offenses associated with the incident.

Example: An arrest is made by an agency that converted to NIBRS in the current year. The incident occurred in the previous year. A Window Arrest Segment record will be generated.

File Dimensions:

- No. of Cases: 6,043
- No. of Variables: 31
- Record Length: 107
- Records per Case: 1
- Overall No. of Records: 6,043

Type of File: ASCII

Data Format: Rectangular

**B1003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 1

This identifies the agency that is authorized to report crime data to the FBI.

**B1004 INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 2

This is set to blanks and is present so that the incident number is on every record in the same field position for sequencing purposes.

**B1005 DATE ORI WAS ADDED**

Location: 26-33 (width: 8; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous

Text: This is the date that the UCR ORI was added or had update activity performed on it by UCR staff (Format: YYYYMMDD).

**B1006 DATE ORI WENT NIBRS**

Location: 34-41 (width: 8; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous

Text: This is the date that the ORI first began submitting incident-based data to the FBI (Format: YYYYMMDD).

**B1007 CITY NAME**

- Study 04720 -

Location: 42-71 (width: 30; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: This is the city in which the ORI is associated.

**B1008 STATE ABBREVIATION**

Location: 72-73 (width: 2; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: This is the state abbreviation. See Numeric State Code for the corresponding numeric state codes as well as the alphabetic codes.

**B1009 POPULATION GROUP**

Location: 74-75 (width: 2; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: This shows the population covered by the ORI. Group 0 is possessions; 1-7 are cities; 8-9 are counties. Sub-Group (position 75) is blank when not used. All populations are inclusive.

<i>Value</i>	<i>Label</i>
0	Possessions (Puerto Rico, Guam, Canal Zone, Virgin Islands, and American Samoa)
1	All cities 250,000 or over
1A	Cities 1,000,000 or over
1B	Cities from 500,000 thru 999,999
1C	Cities from 250,000 thru 499,999
2	Cities from 100,000 thru 249,999
3	Cities from 50,000 thru 99,999
4	Cities from 25,000 thru 49,999

6	Cities from 2,500 thru 9,999
7	Cities under 2,500
8	Non-MSA Counties
8A	Non-MSA Counties 100,000 or over
8B	Non-MSA Counties from 25,000 thru 99,999
8C	Non-MSA Counties from 10,000 thru 24,999
8D	Non-MSA Counties under 10,000
8E	Non-MSA State Police
9	MSA Counties
9A	MSA Counties 100,000 or over
9B	MSA Counties from 25,000 thru 99,999
9C	MSA Counties from 10,000 thru 24,999
9D	MSA Counties under 10,000

- Study 04720 -

<i>Value</i>	<i>Label</i>
9E	MSA State Police

**B1010 COUNTRY DIVISION**

Location: 76-76 (width: 1; decimal: 0)  
Interval: discrete  
Text: Geographic division in which the state is located.

<i>Value</i>	<i>Label</i>
0	Possessions
1	New England
2	Middle Atlantic
3	East Midwest
4	West Midwest
5	South Atlantic
6	East South Central
7	West South Central
8	Mountain
9	Pacific

**B1011 COUNTRY REGION**

Location: 77-77 (width: 1; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Text: Geographic Region in which the Country Division is located.

<i>Value</i>	<i>Label</i>
1	Northeast
2	Midwest
3	South
4	West

**B1012 AGENCY INDICATOR**

Location: 78-78 (width: 1; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Text: Distinguishes counties and colleges and universities from cities.

<i>Value</i>	<i>Label</i>
0	Covered-By Another Agency
1	City
2	County

- Study 04720 -

<i>Value</i>	<i>Label</i>
3	University or College
4	State Police
5	Special Agency

**B1013 CORE CITY**

Location: 79-79 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: This designates if the agency is the central city of a Metropolitan Statistical Area (MSA).

<i>Value</i>	<i>Label</i>
Y	Yes
N	No

**B1014 COVERED-BY ORI**

Location: 80-88 (width: 9; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: This is the ORI of the agency that submits crime data for the agency represented by the Batch Header. For example, a county will often submit a return which includes the crime data for a city within that county. This field is blank if the agency is not a "covered-by."

**B1015 FBI FIELD OFFICE**

Location: 89-92 (width: 4; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: The four-digit numeric code for the FBI field office whose territory covers the agency.

**B1016 JUDICIAL DISTRICT**

Location: 93-96 (width: 4; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: This is the code of the judicial district in which the agency is located. It is a three-digit numeric code followed by a letter which designates the region within the state.

**B1017 AGENCY NIBRS FLAG**

Location: 97-97 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: This designates whether the ORI in a state is an active NIBRS agency or does not yet participate.

- Study 04720 -

<i>Value</i>	<i>Label</i>
Blank	Does not yet participate
A	Active

**B1018 AGENCY INACTIVE DATE**

Location: 98-105 (width: 8; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: This is the date that the agency stopped submitting either NIBRS or Summary-Based data directly to the FBI (Format: YYYYMMDD). The Covered-By ORI is now submitting for this agency.

**B1019 FILLER BLANKS**

Location: 106-132 (width: 27; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete

**B1020 N B1 RECORDS PER ORI-INCIDENT NUMBER**

Location: 133-135 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: This is the number of Batch Header 1 of 3 (B1) records in a group of records with a common ORI and incident number.

**B2001 SEGMENT LEVEL**

Location: 1-2 (width: 2; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Batch Header 2 of 3.

<i>Value</i>	<i>Label</i>
B2	Batch Header 2 of 3

**B2002 NUMERIC STATE CODE**

Location: 3-4 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: This is a two-digit value assigned to the state.

**B2003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: This identifies the agency that is authorized to report crime data to the FBI.

**B2004 INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: This is set to blanks and is present so that the incident number is on every record in the same field position for sequencing purposes.

**B2005 CURRENT POPULATION 1**

Location: 26-34 (width: 9; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: Some agencies are in as many as five different counties.  
  
 This is the population for the agency or the population of the portion of the agency which is located in the county.

**B2006 UCR COUNTY CODE 1**

Location: 35-37 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: Some agencies are in as many as five different counties.  
  
 This is the UCR county code for the agency or the UCR county code of the portion of the agency which is located in the county.

- Study 04720 -

**B2007 MSA CODE 1**

Location: 38-40 (width: 3; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Text: This is the code of the metropolitan statistical area (MSA) in which the agency is located.

**B2008 LAST POPULATION 1**

Location: 41-49 (width: 9; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: This is the population of the agency in the previous census.

**B2009 CURRENT POPULATION 2**

Location: 50-58 (width: 9; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous

**B3003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: This identifies the agency that is authorized to report crime data to the FBI.

**B3004 INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: This is set to blanks and is present so that the incident number is on every record in the same field position for sequencing purposes.

**B3005 CURRENT POPULATION 5**

Location: 26-34 (width: 9; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous

**B3006 UCR COUNTY CODE 5**

- Study 04720 -

Location: 35-37 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete

**B3007 MSA CODE 5**

Location: 38-40 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete

**B3008 LAST POPULATION 5**

Location: 41-49 (width: 9; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous

**B3009 01-06-12 INDICATOR**

Location: 50-51 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete

**Text:** This is used by UCR to indicate if the agency has submitted data for 12 months, for 6 or more months, or for 1 or more months. Reports can then be generated to include only those agencies meeting the designated reporting time period.

<i>Value</i>	<i>Label</i>
Blanks	no months reported
01	1 or more months reported
06	6 or more months reported
12	12 months reported

**B3010 NUMBER OF MONTHS REPORTED**

Location: 52-53 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Range of Valid Data Values: 00 thru 12

**Text:** This is similar to the 01-06-12 indicator above except that this field contains the exact number of months reported.

**B3011 MASTER FILE YEAR**

Location: 54-57 (width: 4; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete

**Text:** This is the year of the NIBRS master file requested.

**B3012 AGENCY ACTIVITY INDICATOR JANUARY**

Location: 58-60 (width: 3; decimal: 0)

- Study 04720 -

Variable Type: character (ISO)  
Interval: discrete  
Text: Submission activity for each of the twelve months is reflected in each of the three-byte monthly flags as described. The first occurrence is January, the second is February, etc.

"Activity" does not guarantee the presence of incidents following the Batch Header but the probability of not having incidents would be extremely low. For example, assume agency "X" submitted a single incident for a month. Then the following month this incident was deleted from the file because it was unfounded. Since there had been activity, the flag will remain "Y" to show this important fact.

1st position: Y = Zero report was submitted.

2nd position: Y = Group A or B was submitted.

3rd position: Y = Window record was submitted.

**B3013 AGENCY ACTIVITY INDICATOR FEBRUARY**

Location: 61-63 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: 1st position: Y = Zero report was submitted.  
2nd position: Y = Group A or B was submitted.  
3rd position: Y = Window record was submitted.

**B3014 AGENCY ACTIVITY INDICATOR MARCH**

Location: 64-66 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: 1st position: Y = Zero report was submitted.  
2nd position: Y = Group A or B was submitted.  
3rd position: Y = Window record was submitted.

**B3015 AGENCY ACTIVITY INDICATOR APRIL**

Location: 67-69 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: 1st position: Y = Zero report was submitted.  
2nd position: Y = Group A or B was submitted.  
3rd position: Y = Window record was submitted.

**B3016 AGENCY ACTIVITY INDICATOR MAY**

- Study 04720 -

Location: 70-72 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: 1st position: Y = Zero report was submitted.  
2nd position: Y = Group A or B was submitted.  
3rd position: Y = Window record was submitted.

**B3017 AGENCY ACTIVITY INDICATOR JUNE**

Location: 73-75 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: 1st position: Y = Zero report was submitted.  
2nd position: Y = Group A or B was submitted.  
3rd position: Y = Window record was submitted.

**B3018 AGENCY ACTIVITY INDICATOR JULY**

Location: 76-78 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: 1st position: Y = Zero report was submitted.  
2nd position: Y = Group A or B was submitted.  
3rd position: Y = Window record was submitted.

**B3019 AGENCY ACTIVITY INDICATOR AUGUST**

Location: 79-81 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: 1st position: Y = Zero report was submitted.  
2nd position: Y = Group A or B was submitted.  
3rd position: Y = Window record was submitted.

**B3020 AGENCY ACTIVITY INDICATOR SEPTEMBER**

Location: 82-84 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: 1st position: Y = Zero report was submitted.  
2nd position: Y = Group A or B was submitted.

- Study 04720 -

3rd position: Y = Window record was submitted.

**B3021 AGENCY ACTIVITY INDICATOR OCTOBER**

Location: 85-87 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: 1st position: Y = Zero report was submitted.  
2nd position: Y = Group A or B was submitted.  
3rd position: Y = Window record was submitted.

**B3022 AGENCY ACTIVITY INDICATOR NOVEMBER**

Location: 88-90 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: 1st position: Y = Zero report was submitted.  
2nd position: Y = Group A or B was submitted.  
3rd position: Y = Window record was submitted.

**B3023 AGENCY ACTIVITY INDICATOR DECEMBER**

Location: 91-93 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: 1st position: Y = Zero report was submitted.  
2nd position: Y = Group A or B was submitted.  
3rd position: Y = Window record was submitted.

**B3024 FIPS COUNTY 1**

Location: 94-96 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: The previous group field entitled "Five-County Population Coverage" contains four fields occurring five times, one of which is the UCR county code.  
Each relative position of the UCR county code has a corresponding FIPS county code equivalent in the same relative position.

**B3025 FIPS COUNTY 2**

Location: 97-99 (width: 3; decimal: 0)  
Variable Type: character (ISO)

- Study 04720 -

Interval: discrete

**B3026 FIPS COUNTY 3**

Location: 100-102 (width: 3; decimal: 0)

Variable Type: character (ISO)

Interval: discrete

**B3027 FIPS COUNTY 4**

Location: 103-105 (width: 3; decimal: 0)

Variable Type: character (ISO)

Interval: discrete

**B3028 FIPS COUNTY 5**

Location: 106-108 (width: 3; decimal: 0)

Variable Type: character (ISO)

Interval: discrete

**B3029 FILLER BLANKS**

Location: 109-132 (width: 24; decimal: 0)

Variable Type: numeric (ISO)

Interval: discrete

**B3030 N B3 RECORDS PER ORI-INCIDENT NUMBER**

Location: 133-135 (width: 3; decimal: 0)

Variable Type: numeric (ISO)

Interval: discrete

Text: This is the number of Batch Header 3 of 3 (B3) records in a group of records with a common ORI and incident number.

**V1001 SEGMENT LEVEL**

Location: 1-2 (width: 2; decimal: 0)

Variable Type: character (ISO)

Interval: discrete

Text: Designates this as the Administrative Segment of the Group A Incident Report.

<i>Value</i>	<i>Label</i>
01	Administrative Segment

**V1002 NUMERIC STATE CODE**

Location: 3-4 (width: 2; decimal: 0)

Variable Type: numeric (ISO)

Interval: discrete

Text: This is a two-digit value assigned to the state.

**V1003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)

- Study 04720 -

Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 1

This identifies the agency in which any reported crime data occurred.

**V1004 INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 2

This is a unique case number assigned to the incident by the agency; it links all segments together for the incident. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being written to tape.

**V1005 INCIDENT DATE**

Location: 26-33 (width: 8; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 3

This is the date that the incident occurred (Format: YYYYMMDD). If date of occurrence is unknown, the date the incident was reported is used. This is indicated by a value of "R" in the Report Date Indicator in V1006.

**V1006 REPORT DATE INDICATOR**

Location: 34-34 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: If value is "R" (Report Date), Incident Date is the date the incident was reported. If blank, it is the date the incident occurred.

**V1007 INCIDENT DATE HOUR**

Location: 35-36 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: This is the military time hour that the crime occurred. If the crime occurred at exactly midnight, the Incident Date will reflect as if the time was one minute past midnight. In other words, midnight is considered the beginning of the day.

<i>Value</i>	<i>Label</i>
Blank	Unknown time
00	On or between midnight and 0059

- Study 04720 -

<i>Value</i>	<i>Label</i>
01	On or between 0100 and 0159
02	On or between 0200 and 0259
03	On or between 0300 and 0359
04	On or between 0400 and 0459
05	On or between 0500 and 0559
06	On or between 0600 and 0659
07	On or between 0700 and 0759
08	On or between 0800 and 0859
09	On or between 0900 and 0959
10	On or between 1000 and 1059
11	On or between 1100 and 1159
12	On or between 1200 and 1259
13	On or between 1300 and 1359
14	On or between 1400 and 1459
15	On or between 1500 and 1559
16	On or between 1600 and 1659
17	On or between 1700 and 1759
18	On or between 1800 and 1859
19	On or between 1900 and 1959
20	On or between 2000 and 2059
21	On or between 2100 and 2159
22	On or between 2200 and 2259
23	On or between 2300 and 2359

**V1008 TOTAL OFFENSE SEGMENTS**

Location: 37-38 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: This is the number of offense segments (up to 10) in the Group A Incident Report.

**V1009 TOTAL VICTIM SEGMENTS**

Location: 39-41 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: This is the number of Victim Segments (up to 999) in the Group A Incident Report.

**V1010 TOTAL OFFENDER SEGMENTS**

Location: 42-43 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: This is the number of Offender Segments (up to 99) in the Group A Incident Report.

- Study 04720 -

**V1011 TOTAL ARRESTEE SEGMENTS**

Location: 44-45 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: This is the number of Arrestee Segments (up to 99) in the Group A Incident Report.

**V1012 CITY SUBMISSION**

Location: 46-49 (width: 4; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: This field is used by the FBI to identify those cities that submit directly to the FBI as a result of the state not having a NIBRS program.

**V1013 CLEARED EXCEPTIONALLY**

Location: 50-50 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 4

This indicates if the incident is cleared by nonarrest circumstances outside the control of law enforcement. If code is other than "N" (Not Applicable), the Exceptional Clearance Date applies.

<i>Value</i>	<i>Label</i>
A	Death of Offender
B	Prosecution Declined (for other than lack of probable cause)
C	Extradition Denied
D	Victim Refused to Cooperate
E	Juvenile/No Custody
N	Not Applicable

**V1014 EXCEPTIONAL CLEARANCE DATE**

Location: 51-58 (width: 8; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: Data Element 5  
  
 This is the date of the exceptional clearance (Format: YYYYMMDD).

**V1015 N 01 RECORDS PER ORI-INCIDENT NUMBER**

Location: 59-61 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete

- Study 04720 -

Text: This is the number of Administrative Segment (01) records in a group of records with a common ORI and incident number.

**V2001 SEGMENT LEVEL**

Location: 1-2 (width: 2; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Designates this as the Offense Segment of the Group A Incident Report.

<i>Value</i>	<i>Label</i>
02	Offense Segment

**V2002 NUMERIC STATE CODE**

Location: 3-4 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Text: This is a two-digit value assigned to the state.

**V2003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 1  
  
This identifies the agency in which any reported crime data occurred.

**V2004 INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 2  
  
This is a unique case number assigned to the incident by the agency; it links all segments together for the incident. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being written to tape.

**V2005 INCIDENT DATE**

Location: 26-33 (width: 8; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 3  
  
This is the same date value from the Administrative Segment (Format: YYYYMMDD).

- Study 04720 -

V2006	UCR OFFENSE CODE
-------	------------------

Location: 34-36 (width: 3; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 6

<i>Value</i>	<i>Label</i>
200	Arson
	Assault Offenses
13A	Aggravated Assault
13B	Simple Assault
13C	Intimidation
510	Bribery
220	Burglary/Breaking and Entering
250	Counterfeiting/Forgery
290	Destruction/Damage/Vandalism of Property
	Drug/Narcotic Offenses
35A	Drug/Narcotic Violations
35B	Drug Equipment Violations
270	Embezzlement
210	Extortion/Blackmail
	Fraud Offenses
26A	False Pretenses/Swindle/Confidence Game
26B	Credit Card/Automatic Teller Machine Fraud
26C	Impersonation
26D	Welfare Fraud
26E	Wire Fraud
	Gambling Offenses
39A	Betting/Wagering
39B	Operating/Promoting/Assisting Gambling
39C	Gambling Equipment Violations
39D	Sports Tampering
	Homicide Offenses
09A	Murder/Nonnegligent Manslaughter
09B	Negligent Manslaughter
09C	Justifiable Homicide
100	Kidnaping/Abduction
	Larceny/Theft Offenses
23A	Pocket-picking
23B	Purse-snatching
23C	Shoplifting

- Study 04720 -

<i>Value</i>	<i>Label</i>
23D	Theft From Building
23E	Theft From Coin-Operated Machine or Device
23F	Theft From Motor Vehicle Theft of Motor Vehicle
23G	Parts/Accessories
23H	All Other Larceny
240	Motor Vehicle Theft
370	Pornography/Obscene Material
	Prostitution Offenses
40A	Prostitution
40B	Assisting or Promoting Prostitution
120	Robbery
	Sex Offenses, Forcible
11A	Forcible Rape
11B	Forcible Sodomy
11C	Sexual Assault With An Object
11D	Forcible Fondling (Indecent Liberties/Child Molesting)
	Sex Offenses, Nonforcible
36A	Incest
36B	Statutory Rape
280	Stolen Property Offenses (Receiving, Selling, Etc.)
520	Weapon Law Violations

**V2007**

**OFFENSE ATTEMPTED/COMPLETED**

Location: 37-A1 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 7

This indicates if the offense was completed or merely attempted.

<i>Value</i>	<i>Label</i>
A	Attempted
C	Completed

**V2008**

**OFFENDER(S) SUSPECTED OF USING 1**

Location: 38-38 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 8

This shows if any offender was suspected of using drugs or consuming alcohol during or shortly before this offense, or if computer equipment was used to perpetrate this offense.

- Study 04720 -

<i>Value</i>	<i>Label</i>
A	Alcohol
C	Computer Equipment
D	Drugs/Narcotics
N	Not Applicable

**V2009 OFFENDER(S) OF USING 2**

Location: 39-39 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 8

<i>Value</i>	<i>Label</i>
A	Alcohol
C	Computer Equipment
D	Drugs/Narcotics
N	Not Applicable

**V2010 OFFENDERS(S) OF USING 2**

Location: 40-40 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 8

<i>Value</i>	<i>Label</i>
A	Alcohol
C	Computer Equipment
D	Drugs/Narcotics
N	Not Applicable

**V2011 LOCATION TYPE**

Location: 41-42 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: Data Element 9

This is where this offense occurred. Each offense will contain the location type in a multi-offense incident.

<i>Value</i>	<i>Label</i>
01	Air/Bus/Train Terminal
02	Bank/Savings and Loan
03	Bar/Nightclub

- Study 04720 -

<i>Value</i>	<i>Label</i>
04	Church/Synagogue/Temple
05	Commercial/Office Building
06	Construction Site
07	Convenience Store
08	Department/Discount Store
09	Drug Store/Dr.'s Office/Hospital
10	Field/Woods
11	Government/Public Building
12	Grocery/Supermarket
13	Highway/Road/Alley
14	Hotel/Motel/Etc.
15	Jail/Prison
16	Lake/Waterway
17	Liquor Store
18	Parking Lot/Garage
19	Rental Storage Facility
20	Residence/Home
21	Restaurant
22	School/College
23	Service/Gas Station
24	Specialty Store (TV, Fur, Etc.)
25	Other/Unknown

**V2012 NUMBER OF PREMISES ENTERED**

Location: 43-44 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: Data Element 10

When the UCR Offense Code is "220" (Burglary) and data element 9 (Location Type) contains "14" (Hotel/Motel/Etc.) or "19" (Rental Storage Facility), this field will contain the number of premises entered as a two- digit field. It will be blank at all other times.

**V2013 METHOD OF ENTRY**

Location: 45-A1 (width: 2013; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 11

This will be present only if the UCR Offense Code is "220" (Burglary). If both force and no force are involved, force is assumed.

- Study 04720 -

<i>Value</i>	<i>Label</i>
F	Force
N	No Force

**V2014 TYPE OF CRIMINAL ACTIVITY 1**

Location: 46-46 (width: 3; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 12

This describes the (1st of up to 3) type(s) of criminal activity involved in offenses of 250, 280, 35A, 35B, 39C, 370, and 520.

<i>Value</i>	<i>Label</i>
B	Buying/Receiving
C	Cultivating/Manufacturing/Publishing
D	Distributing/Selling
E	Exploiting Children
J	Juvenile Gang Involvement
G	Other Gang
N	None/Unknown Gang Involvement
O	Operating/Promoting/Assisting
P	Possessing/Concealing
T	Transporting/Transmitting/Importing
U	Using/Consuming

**V2015 TYPE OF CRIMINAL ACTIVITY 2**

Location: 47-47 (width: 1; decimal: 0)  
 Interval: discrete  
 Text: Data Element 12

This describes the (2nd of up to 3) type(s) of criminal activity involved in offenses of 250, 280, 35A, 35B, 39C, 370, and 520.

<i>Value</i>	<i>Label</i>
B	Buying/Receiving
C	Cultivating/Manufacturing/Publishing
D	Distributing/Selling
E	Exploiting Children
J	Juvenile Gang Involvement
G	Other Gang
N	None/Unknown Gang Involvement
O	Operating/Promoting/Assisting
P	Possessing/Concealing

- Study 04720 -

<i>Value</i>	<i>Label</i>
T	Transporting/Transmitting/Importing
U	Using/Consuming

**V2016 TYPE OF CRIMINAL ACTIVITY 3**

Location: 48-48 (width: 1; decimal: 0)  
 Interval: discrete  
 Text: Data Element 12

This describes the (3rd of up to 3) type(s) of criminal activity involved in offenses of 250, 280, 35A, 35B, 39C, 370, and 520.

<i>Value</i>	<i>Label</i>
B	Buying/Receiving
C	Cultivating/Manufacturing/Publishing
D	Distributing/Selling
E	Exploiting Children
J	Juvenile Gang Involvement
G	Other Gang
N	None/Unknown Gang Involvement
O	Operating/Promoting/Assisting
P	Possessing/Concealing
T	Transporting/Transmitting/Importing
U	Using/Consuming

**V2017 TYPE WEAPON/FORCE INVOLVED 1**

Location: 49-51 (width: 3; decimal: 0)  
 Interval: discrete  
 Text: Data Element 13

This shows the (1st of up to 3) type(s) of weapon/force involved with this offense.

If the weapon is an automatic, an "A" code will be appended. An automatic is any firearm which shoots, or is designed to shoot, more than one shot by a single pull of the trigger without manual reloading.

<i>Value</i>	<i>Label</i>
11	Firearm (type not stated)
11A	Firearm (type not stated), automatic
12	Handgun
12A	Handgun, automatic
13	Rifle
13A	Rifle, automatic
14	Shotgun

- Study 04720 -

<i>Value</i>	<i>Label</i>
14A	Shotgun, automatic
15	Other Firearm
15A	Other Firearm, automatic
20	Knife/Cutting Instrument (ice pick, screwdriver, ax, etc.)
30	Blunt Object (club, hammer, etc.)
35	Motor Vehicle
40	Personal Weapons (hands, feet, teeth, etc.)
50	Poison (include gas as in code 85 asphyxiation)
60	Explosives
65	Fire/Incendiary Device
70	Drugs/Narcotics/Sleeping Pills
85	Asphyxiation (by drowning, strangulation, suffocation, gas, etc.)
90	Other
95	Unknown
99	None

**V2018**

**TYPE WEAPON/FORCE INVOLVED 2**

Location: 52-54 (width: 3; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 13

This shows the (2nd of up to 3) type(s) of weapon/force involved with this offense.

If the weapon is an automatic, an "A" code will be appended. An automatic is any firearm which shoots, or is designed to shoot, more than one shot by a single pull of the trigger without manual reloading.

<i>Value</i>	<i>Label</i>
11	Firearm (type not stated)
12	Handgun
13	Rifle
14	Shotgun
15	Other Firearm
20	Knife/Cutting Instrument (ice pick, screwdriver, ax, etc.)
30	Blunt Object (club, hammer, etc.)
35	Motor Vehicle

**V2021**

**N 02 RECORDS PER ORI-INCIDENT NUMBER**

Location: 60-62 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous

- Study 04720 -

Text: This is the number of Offense Segment (02) records in a group of records with a common ORI and incident number.

**V3001 SEGMENT LEVEL**

Location: 1-2 (width: 2; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Designates this as the Property Segment of the Group A Incident Report.

<i>Value</i>	<i>Label</i>
03	Property Segment

**V3002 NUMERIC STATE CODE**

Location: 3-4 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Text: This is a two-digit value assigned to the state.

**V3003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 1  
  
This identifies the agency in which any reported crime data occurred.

**V3004 INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 2  
  
This is a unique case number assigned to the incident by the agency; it links all segments together for the incident. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being written to tape.

**V3005 INCIDENT DATE**

Location: 26-33 (width: 8; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 3  
  
This is the same date value from the Administrative Segment (Format: YYYYMMDD).

- Study 04720 -

**V3006 TYPE PROPERTY LOSS/ETC**

Location: 34-34 (width: 1; decimal: 0)  
 Interval: discrete  
 Text: Data Element 14

**PROPERTY SEGMENT DATA ELEMENTS**

Overview

Up to 10 Property Description Codes can be present for each type of loss/etc. selected under data element 14 (Type Property Loss/ Etc.), with each on a separate Property Segment. If more than 10 types of property are involved, the codes and values for the nine most valuable are present; then, "77" (Other) has the remaining properties, along with their total value.

Property data entered into data elements 14 through 22 will include the TOTAL losses, recoveries, seizures, etc., for all the VICTIMS in this incident.

If Type Property Loss/Etc. is "1" (None) or "8" (Unknown), data elements 15-22 will be blank unless "1" (None) was entered and the offense is 35A, then data element 20 (Suspected Drug Type) will be present.

<i>Value</i>	<i>Label</i>
1	None
2	Burned
3	Counterfeited/Forged
4	Destroyed/Damaged/Vandalized
5	Recovered
6	Seized
7	Stolen/Etc. (includes bribed, defrauded, embezzled, extorted, ransomed, robbed, etc.)
8	Unknown

**V3007 PROPERTY DESCRIPTION**

Location: 35-36 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: Data Element 15

This code describes the types of property involved.

Code 77: The agency has not yet resubmitted the Group A Incident Report with an itemized list of the property involved.

Code 99: Will be used by the FBI to compile statistics on certain types of property, e.g., CB radios, which are the object of current theft fads.

**V3008 VALUE OF PROPERTY**

Location: 37-45 (width: 9; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 16

If the value of the property is unknown, the value will be one ("1") dollar.

The value will be blanks when the offense is Drug/Narcotic Violations (UCR Code 35A) and "6" (Seized) for data element 14 (Type Property Loss/Etc.) and "10" (Drugs/Narcotics) for data element 15 (Property Description) are present. Instead, data elements 20-22 would be present.

A property value for "10" (Drugs/Narcotics) would, however, be present if this property applies to other offenses (e.g., arson, burglary, etc.). data elements 20-22 would then be left blank.

**V3009 DATE RECOVERED**

Location: 46-53 (width: 8; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 17

This is the date that the property item was recovered (Format: YYYYMMDD). This will be present ONLY if data element 14 (Type Property Loss/Etc.) is "5" (Recovered).

**V3010 NUMBER OF STOLEN MOTOR VEHICLES**

Location: 54-55 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 18

STOLEN/RECOVERED MOTOR VEHICLES

If motor vehicles (Codes 03, 05, 24, 28, or 37) were stolen and/or recovered, data elements 18 and/or 19, as applicable, will show the number of vehicles involved.

Will be present only if data element 14 (Type Property Loss/Etc.) was "5" (Recovered) or "7" (Stolen) and the UCR Offense Code was 240 (Motor Vehicle Theft). If number is unknown, "00" will be present.

**V3011 NUMBER OF RECOVERED MOTOR VEHICLES**

Location: 56-57 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 19

STOLEN/RECOVERED MOTOR VEHICLES

- Study 04720 -

If motor vehicles (Codes 03, 05, 24, 28, or 37) were stolen and/or recovered, data elements 18 and/or 19, as applicable, will show the number of vehicles involved.

Will be present only if data element 14 (Type Property Loss/Etc.) was "5" (Recovered) or "7" (Stolen) and the UCR Offense Code was 240 (Motor Vehicle Theft). If number is unknown, "00" will be present.

**V3012 SUSPECTED DRUG TYPE 1**

Location: 58-58 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 20

DRUG INVOLVEMENT DATA

Overview

Will be present only if: the offense is Drug/Narcotic Violation (UCR Code 35A), "6" (Seized) is present in data element 14 (Type Property Loss/Etc.), and "10" (Drugs/Narcotics) is present in data element 15 (Property Description). The number of pounds, grams, items, etc. of the drug/narcotic will be in data element 21 (Estimated Drug Quantity). If data element 22 (Type Measurement) was not available at the time of the submission, "XX" (Not Reported) will be present and "1" will be present in data element 21 (Estimated Quantity).

If "1" (None) is present instead of "6" (Seized) above, then data element 20 (Suspected Drug Type) should be present.

If more than three types of drugs are involved, the codes for the two most important along with "X" (Over 3 Drug Types) for the remaining drugs will be present. In this instance, data elements 21 (Estimated Drug Quantity) and 22 (Type Drug Measurement) will be blank. Note that no entry is made into data element 16 (Value of Property) when the offense is "Drug/Narcotic Violation" (UCR Code 35A).

<i>Value</i>	<i>Label</i>

**V3024 N 03 RECORDS PER ORI-INCIDENT NUMBER**

Location: 103-105 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: This is the number of Property Segment (03) records in a group of records with a common ORI and incident number.

**V4001 SEGMENT LEVEL**

Location: 1-2 (width: 2; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Designates this as the Victim Segment of the Group A Incident Report.

<i>Value</i>	<i>Label</i>
04	Victim Segment

**V4002 NUMERIC STATE CODE**

Location: 3-4 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: This is a two-digit value assigned to the state.

- Study 04720 -

**V4003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 1

This identifies the agency in which any reported crime data occurred.

**V4004 INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 2

This is a unique case number assigned to the incident by the agency; it links all segments together for the incident. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being written to tape.

**V4005 INCIDENT DATE**

Location: 26-33 (width: 8; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 3

This is the same date value from the Administrative Segment (Format: YYYYMMDD).

**V4006 VICTIM SEQUENCE NUMBER**

Location: 34-36 (width: 3; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Range of Valid Data Values: 001 thru 999  
Text: Data Element 23

This uniquely identifies a victim and separates one victim from another within a multi-victim Group A Incident Report.

**V4007 UCR OFFENSE CODE 1**

Location: 37-39 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 24

Each offense committed will always have one or more victims.

- Study 04720 -

Multiple offenses that affected this victim will be shown here.

EVERY OFFENSE WILL HAVE A VICTIM OR VICTIMS, BUT EVERY VICTIM MAY NOT BE LINKED TO EACH OFFENSE WITHIN AN INCIDENT.

**V4008 UCR OFFENSE CODE 2**

Location: 40-42 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 24

**V4009 UCR OFFENSE CODE 3**

Location: 43-45 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 24

**V4010 UCR OFFENSE CODE 4**

Location: 46-48 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 24

**V4011 UCR OFFENSE CODE 5**

Location: 49-51 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 24

**V4012 UCR OFFENSE CODE 6**

Location: 52-54 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 24

**V4013 UCR OFFENSE CODE 7**

Location: 55-57 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 24

**V4014 UCR OFFENSE CODE 8**

Location: 58-60 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 24

**V4015 UCR OFFENSE CODE 9**

Location: 61-63 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 24

**V4016 UCR OFFENSE CODE 10**

Location: 64-66 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 24

**V4017 TYPE OF VICTIM**

Location: 67-67 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 25

<i>Value</i>	<i>Label</i>
I	Individual
B	Business
F	Financial Institution
G	Government
L	Law Enforcement Officer
R	Religious Organization
S	Society/Public
O	Other
U	Unknown

**V4017A TYPE OF ACTIVITY (OFFICER)**

Location: 68-69 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Text: Data Element 25A

- Study 04720 -

Each time a law enforcement officer is assaulted or killed in the line of duty, the reporting agency should determine the appropriate code that corresponds to the type of activity in which the officer was engaged at the time of the assault.

<i>Value</i>	<i>Label</i>
1	Respond disturbance call (Family quarrels, person with firearm, etc.)
2	Burglaries in progress or pursuing burglary suspects
3	Robberies in progress or pursuing robbery suspects
4	Attempting other arrests
5	Civil disorder (Riot, mass disobedience)
6	Handling, transporting, custody of prisoners
7	Investigating suspicious persons or circumstances
8	Ambush-no warning
9	Mentally deranged assailant
10	Traffic pursuits and stops
11	All other

**V4017B ASSIGNMENT TYPE (OFFICER)**

Location: 70-70 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 25B

Code F (Two-Officer Vehicle) and codes G and H (One-Officer Vehicle) pertain to uniformed officers; codes I and J (Detective or Special Assignment) to nonuniformed officers; and codes K and L (Other) to officers assaulted or killed while in other capacities, such as foot patrol, off duty, etc. The term "assisted" refers to law enforcement assistance only.

<i>Value</i>	<i>Label</i>
F	Two-officer vehicle
G	One-officer vehicle (alone)
H	One-officer vehicle (assisted)
I	Detective or special assignment (alone)
J	Detective or special assignment (assisted)
K	Other (alone)
L	Other (assisted)

**V4017C ORI OTHER JURISDICTION (OFFICER)**

Location: 71-79 (width: 9; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 25C

This is the unique nine-character Originating Agency Identifier (ORI) Number that has been assigned to each agency in the National Crime Information Center. If a law enforcement officer is killed or

- Study 04720 -

assaulted in the line of duty in a jurisdiction other than his own, the law enforcement agency having jurisdiction should report the law enforcement officer killed or assaulted using Data Element 25C to identify the ORI of that law enforcement officer's agency. No entry is required if the officer is in his own jurisdiction.

This field applies to law enforcement officers assaulted or killed in the line of duty.

**V4018 AGE OF VICTIM**

Location: 80-81 (width: 2; decimal: 0)  
Variable Type: character (ISO)  
Interval: continuous  
Text: Data Element 26

<i>Value</i>	<i>Label</i>
NN	Under 24 Hours (neonate)
NB	1-6 Days Old
BB	7-364 Days Old
00	Unknown
99	Over 98 Years Old

**V4019 SEX OF VICTIM**

Location: 82-82 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 27

<i>Value</i>	<i>Label</i>
M	Male
F	Female
U	Unknown

**V4020 RACE OF VICTIM**

Location: 83-83 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 28

<i>Value</i>	<i>Label</i>
W	White
B	Black
I	American Indian/Alaskan Native
A	Asian/Pacific Islander
U	Unknown

- Study 04720 -

**V4021 ETHNICITY OF VICTIM**

Location: 84-84 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 29 (Optional)

<i>Value</i>	<i>Label</i>
H	Hispanic Origin
N	Not of Hispanic Origin
U	Unknown

**V4022 RESIDENT STATUS OF VICTIM**

Location: 85-85 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 30 (Optional)

The test for determining if the victim is a resident is whether the victim maintains his/her permanent home for legal purposes in the locality (i.e., town, city, or community) where the crime occurred.

<i>Value</i>	<i>Label</i>
R	Resident
N	Nonresident
U	Unknown

**V4023 AGGRAVATED ASSAULT/HOMICIDE CIRCUMSTANCES 1**

Location: 86-87 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: Data Element 31

This describes the circumstances of either an aggravated assault or homicide offense. Each circumstance is two characters.

No more than one category (i.e., aggravated..., negligent..., justifiable...) will be present.

<i>Value</i>	<i>Label</i>
	AGGRAVATED ASSAULT/MURDER (up to 2)
01	Argument
02	Assault on Law Enforcement Officer(s)
03	Drug Dealing
04	Gangland
05	Juvenile Gang
06	Lovers' Quarrel

- Study 04720 -

<i>Value</i>	<i>Label</i>
07	Mercy Killing (Not applicable to Aggravated Assault)

**V4025 ADDITIONAL JUSTIFIABLE HOMICIDE CIRCUMSTANCES**

Location: 90-90 (width: 1; decimal: 0)  
Interval: discrete  
Text: Data Element 32

If Code "20" or "21" (justifiable homicide) was present in data element 31 (aggravated assault/homicide circumstances), additional justifiable homicide circumstance will be present.

<i>Value</i>	<i>Label</i>
A	Criminal Attacked Police Officer and That Officer Killed Criminal
B	Criminal Attacked Fellow Police Officer and Criminal Killed by Another Police Officer
C	Criminal Attacked a Civilian
D	Criminal Attempted Flight From a Crime
E	Criminal Killed In Commission of a Crime
F	Criminal Resisted Arrest
G	Unable to Determine/Not Enough Information

**V4026 TYPE INJURY 1**

Location: 91-91 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 33

<i>Value</i>	<i>Label</i>
N	None
M	Apparent Minor Injury
B	Apparent Broken Bones
O	Other Major Injury
I	Possible Internal Injury
T	Loss of Teeth
L	Severe Laceration
U	Unconsciousness

U	Unconsciousness

**V4031 OFFENDER NUMBER TO BE RELATED (1ST)**

Location: 96-97 (width: 2; decimal: 0)  
 Interval: discrete  
 Text: Data Element 34

Data elements 34 and 35 will be present only if one or more of the offenses entered into 24 [victim connected to UCR offense code(s)] is a "Crime Against Person," i.e., an assault offense (UCR codes 13A-13C), homicide offense (09A-09C), kidnapping / abduction (100), forcible sex offense (11A-11D), nonforcible sex offense (36A-36B); or if it is a robbery offense (120).

The relationship(s) of the victim to each offender (up to 10 offenders involved in the incident) are present. If there are more than 10 offenders, the 10 closest in relationship will be present.

If data element 34 (Offender Sequence Number) is "00" (Unknown), the relationship code will be blank.

Each Offender Sequence Number (data element 36) is present in data element 34 (Offender Numbers to be Related). The appropriate Relationship Code is present in data element 35 (Relationships of Victim to Offenders).

**V4051**

**N 04 RECORDS PER ORI-INCIDENT NUMBER**

Location: 136-138 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: This is the number of Victim Segment (04) records in a group of records with a common ORI and incident number.

**V5001**

**SEGMENT LEVEL**

Location: 1-2 (width: 2; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete

- Study 04720 -

Text: Designates this as the Offender Segment of the Group A Incident Report.

<i>Value</i>	<i>Label</i>
05	Offender Segment

**V5002 NUMERIC STATE CODE**

Location: 3-4 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: This is a two-digit value assigned to the state.

**V5003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 1  
  
 This identifies the agency in which any reported crime data occurred.

**V5004 INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 2  
  
 This is a unique case number assigned to the incident by the agency; it links all segments together for the incident. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being written to tape.

**V5005 INCIDENT DATE**

Location: 26-33 (width: 8; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: Data Element 3  
  
 This is the same date value from the Administrative Segment (Format: YYYYMMDD).

**V5006 OFFENDER SEQUENCE NUMBER**

Location: 34-35 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Range of Valid Data Values: 00 thru 99  
 Text: Data Element 36

- Study 04720 -

This uniquely identifies an offender and separates one offender from another within a multi-offender Group A Incident Report.

If the value is "00" (Unknown), this indicates an unknown number of offenders. In such instances, the age, sex, and race fields will be set to blanks.

**V5007 AGE OF OFFENDER**

Location: 36-37 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 37

<i>Value</i>	<i>Label</i>
00	Unknown
99	Over 98 Years Old

**V5008 SEX OF OFFENDER**

Location: 38-38 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 38

<i>Value</i>	<i>Label</i>
M	Male
F	Female
U	Unknown

**V5009 RACE OF OFFENDER**

Location: 39-39 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 39

<i>Value</i>	<i>Label</i>
W	White
B	Black
I	American Indian/Alaskan Native
A	Asian/Pacific Islander
U	Unknown

**V5010 N 05 RECORDS PER ORI-INCIDENT NUMBER**

Location: 40-42 (width: 3; decimal: 0)  
Variable Type: numeric (ISO)

- Study 04720 -

Interval: continuous  
Text: This is the number of Offender Segment (05) records in a group of records with a common ORI and incident number.

**V6001 SEGMENT LEVEL**

Location: 1-2 (width: 2; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Designates this as the Arrestee Segment of the Group A Incident Report or a Window Arrestee Segment.

<i>Value</i>	<i>Label</i>
06	Arrestee Segment

**V6002 NUMERIC STATE CODE**

Location: 3-4 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Text: This is a two-digit value assigned to the state.

**V6003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 1  
  
This identifies the agency in which any reported crime data occurred.

**V6004 INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 2  
  
This is a unique case number assigned to the incident by the agency; it links all segments together for the incident. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being written to tape.

**V6005 INCIDENT DATE**

Location: 26-33 (width: 8; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 3

- Study 04720 -

This is the same date value from the Administrative Segment (Format: YYYYMMDD).

**V6006 ARRESTEE SEQUENCE NUMBER**

Location: 34-35 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Range of Valid Data Values: 01 thru 99  
Text: Data Element 40

This uniquely identifies an arrestee and separates one arrestee from another within a multi-arrestee Group A Incident Report.

**V6007 ARREST TRANSACTION NUMBER**

Location: 36-47 (width: 12; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 41

This is a unique case number assigned to the arrestee by the agency. This is encrypted by the FBI prior to being written to tape.

**V6008 ARREST DATE**

Location: 48-55 (width: 8; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 42

This is the date that the arrest was made (Format: YYYYMMDD).

**V6009 TYPE OF ARREST**

Location: 56-56 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 43

<i>Value</i>	<i>Label</i>
O	On-View Arrest (taken into custody without a warrant or previous incident report)
S	Summoned/Cited (not taken into custody)
T	Taken Into Custody (based on warrant and/or previous incident report)

**V6010 MULTIPLE ARRESTEE SEGMENTS INDICATOR**

Location: 57-57 (width: 1; decimal: 0)  
Variable Type: character (ISO)

- Study 04720 -

Interval: discrete  
 Text: Data Element 44

If the apprehension of this arrestee causes multiple criminal incidents to be cleared within the jurisdiction served by the reporting agency, "M" (Multiple) will be present on all Arrest Segments except one, and "C" (Count Arrestee) on the one not containing "M" (Multiple). If multiple clearances are not involved, "N" (Not Applicable) will be present.

<i>Value</i>	<i>Label</i>
M	Multiple
C	Count Arrestee
N	Not Applicable

**V6011 UCR ARREST OFFENSE CODE**

Location: 58-60 (width: 3; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 45

UCR arrest offense codes are defined in the Offense Segment for data element 6. As the arrest offense, it does not have to match any offense in the offense segment(s) received and can be any of the 57 offense code possibilities.

<i>Value</i>	<i>Label</i>
200	Arson
	Assault Offenses
13A	Aggravated Assault
13B	Simple Assault
13C	Intimidation
510	Bribery

 Text: Data Element 46

- Study 04720 -

If the weapon is an automatic, a value of "A" will be in this position; otherwise, it is blank. An automatic is any firearm which shoots, or is designed to shoot, more than one shot by a single pull of the trigger without manual reloading.

<i>Value</i>	<i>Label</i>
01	Unarmed
11	Firearm (type not stated)
11A	Firearm (type not stated), automatic
12	Handgun
12A	Handgun, automatic
13	Rifle
13A	Rifle, automatic
14	Shotgun
14A	Shotgun, automatic
15	Other Firearm
15A	Other Firearm, automatic
16	Lethal Cutting Instrument (e.g., switchblade knife, etc.)
17	Club/Blackjack/Brass Knuckles

**V6013**

**ARRESTEE ARMED WITH 2**

Location: 64-66 (width: 3; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 46

<i>Value</i>	<i>Label</i>
01	Unarmed
11	Firearm (type not stated)
11A	Firearm (type not stated), automatic
12	Handgun
12A	Handgun, automatic
13	Rifle
13A	Rifle, automatic
14	Shotgun
14A	Shotgun, automatic
15	Other Firearm
15A	Other Firearm, automatic
16	Lethal Cutting Instrument (e.g., switchblade knife, etc.)
17	Club/Blackjack/Brass Knuckles

**V6014**

**AGE OF ARRESTEE**

Location: 67-68 (width: 2; decimal: 0)  
 Variable Type: character (ISO)

- Study 04720 -

Interval: continuous  
Text: Data Element 47

This is the age of the arrestee at the time of arrest.

<i>Value</i>	<i>Label</i>
00	Unknown
99	Over 98 Years Old

**V6015 SEX OF ARRESTEE**

Location: 69-69 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 48

<i>Value</i>	<i>Label</i>
M	Male
F	Female

**V6016 RACE OF ARRESTEE**

Location: 70-70 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 49

<i>Value</i>	<i>Label</i>
W	White
B	Black
I	American Indian/Alaskan Native
A	Asian/Pacific Islander
U	Unknown

**V6017 ETHNICITY OF ARRESTEE**

Location: 71-71 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 50 (Optional)

<i>Value</i>	<i>Label</i>
H	Hispanic Origin
N	Not of Hispanic Origin
U	Unknown

- Study 04720 -

**V6018 RESIDENT STATUS OF ARRESTEE**

Location: 72-72 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 51 (Optional)

The test for determining if the arrestee is a resident is whether the arrestee maintains his/her permanent home for legal purposes in the locality (i.e., town, city, or community) where the crime occurred.

<i>Value</i>	<i>Label</i>
R	Resident
N	Nonresident
U	Unknown

**V6019 DISPOSITION OF ARRESTEE UNDER 18**

Location: 73-73 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 52

<i>Value</i>	<i>Label</i>
H	Handled Within Department (e.g., released to parents, released with warning, etc.)
R	Referred to Other Authorities (e.g., turned over to juvenile court, probation department, welfare agency, other police agency, criminal or adult court, etc.)

**V6020 N 06 RECORDS PER ORI-INCIDENT NUMBER**

Location: 74-76 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: This is the number of Arrestee Segment (06) records in a group of records with a common ORI and incident number.

**V7001 SEGMENT LEVEL**

Location: 1-2 (width: 2; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Designates this as the Group B Arrest Report Segment.

<i>Value</i>	<i>Label</i>
07	Group B Arrest Report Segment

**V7002 NUMERIC STATE CODE**

- Study 04720 -

Location: 3-4 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Text: This is a two-digit value assigned to the state.

**V7003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 1  
  
This identifies the agency in which any reported crime data occurred.

**V7004 ARREST TRANSACTION / INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 2  
  
This is a unique case number assigned to the incident by the agency; it links all segments together for the incident. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being written to tape.

**V7005 ARREST DATE**

Location: 26-33 (width: 8; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 42  
  
This is the date that the arrest was made (Format: YYYYMMDD).

**V7006 ARRESTEE SEQUENCE NUMBER**

Location: 34-35 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Range of Valid Data Values: 01 thru 99  
Text: Data Element 40  
  
This uniquely identifies an arrestee and separates one arrestee from another within a multi-arrestee Group B Arrest Report.

**V7007 CITY SUBMISSION**

Location: 36-39 (width: 4; decimal: 0)

- Study 04720 -

Variable Type: character (ISO)  
Interval: discrete  
Text: This field is used by the FBI to identify those cities that submit directly to the FBI as a result of the state not having a NIBRS program.

**V7008 TYPE OF ARREST**

Location: 40-40 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 43

<i>Value</i>	<i>Label</i>
O	On-View Arrest (taken into custody without a warrant or previous incident report)
S	Summoned/Cited (not taken into custody)
T	Taken Into Custody (based on warrant and/or previous incident report)

**V7009 UCR GROUP B ARREST OFFENSE CODE**

Location: 41-43 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 45

<i>Value</i>	<i>Label</i>
90A	Bad Checks
90B	Curfew/Loitering/Vagrancy Violations
90C	Disorderly Conduct
90D	Driving Under the Influence
90E	Drunkenness
90F	Family Offenses, Nonviolent
90G	Liquor Law Violations
90H	Peeping Tom
90I	Runaway
90J	Trespass of Real Property
90Z	All Other Offenses

**V7010 WEAPON 1 AND AUTOMATIC INDICATOR 1**

Location: 44-46 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 46

- Study 04720 -

If the weapon is an automatic, the value "A" will be in position 46; otherwise, it is blank. An automatic is any firearm which shoots, or is designed to shoot, more than one shot by a single pull of the trigger without manual reloading.

<i>Value</i>	<i>Label</i>
01	Unarmed
11	Firearm (type not stated)
11A	Firearm (type not stated), automatic
12	Handgun
12A	Handgun, automatic
13	Rifle
13A	Rifle, automatic
14	Shotgun
14A	Shotgun, automatic
15	Other Firearm
15A	Other Firearm, automatic
16	Lethal Cutting Instrument (e.g., switchblade knife, etc.)
17	Club/Blackjack/Brass Knuckles

**V7011**

**WEAPON 2 AND AUTOMATIC INDICATOR 2**

Location: 47-49 (width: 3; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 46

<i>Value</i>	<i>Label</i>
01	Unarmed
11	Firearm (type not stated)
11A	Firearm (type not stated), automatic
12	Handgun
12A	Handgun, automatic
13	Rifle
13A	Rifle, automatic
14	Shotgun
14A	Shotgun, automatic
15	Other Firearm
15A	Other Firearm, automatic
16	Lethal Cutting Instrument (e.g., switchblade knife, etc.)
17	Club/Blackjack/Brass Knuckles

**V7012**

**AGE OF ARRESTEE**

Location: 50-51 (width: 2; decimal: 0)  
 Variable Type: character (ISO)

- Study 04720 -

Interval: continuous  
Text: Data Element 47

This is the age of the arrestee at the time of arrest.

<i>Value</i>	<i>Label</i>
00	Unknown
99	Over 98 Years Old

**V7013 SEX OF ARRESTEE**

Location: 52-52 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 48

<i>Value</i>	<i>Label</i>
M	Male
F	Female

**V7014 RACE OF ARRESTEE**

Location: 53-53 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 49

<i>Value</i>	<i>Label</i>
W	White
B	Black
I	American Indian/Alaskan Native
A	Asian/Pacific Islander
U	Unknown

**V7015 ETHNICITY OF ARRESTEE**

Location: 54-54 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 50 (Optional)

<i>Value</i>	<i>Label</i>
H	Hispanic Origin
N	Not of Hispanic Origin
U	Unknown

- Study 04720 -

**V7016 RESIDENT STATUS OF ARRESTEE**

Location: 55-55 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 51 (Optional)

The test for determining if the arrestee is a resident is whether the arrestee maintains his/her permanent home for legal purposes in the locality (i.e., town, city, or community) where the crime occurred.

<i>Value</i>	<i>Label</i>
R	Resident
N	Nonresident
U	Unknown

**V7017 DISPOSITION OF ARRESTEE UNDER 18**

Location: 56-56 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 52

<i>Value</i>	<i>Label</i>
H	Handled Within Department (e.g., released to parents, released with warning, etc.)
R	Referred to Other Authorities (e.g., turned over to juvenile court, probation department, welfare agency, other police agency, criminal or adult court, etc.)

**V7018 N 07 RECORDS PER ORI-INCIDENT NUMBER**

Location: 57-59 (width: 3; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: This is the number of Group B Arrestee Segment (07) records in a group of records with a common ORI and incident number.

**W1001 SEGMENT LEVEL**

Location: 1-2 (width: 2; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Designates this as a Window Clearance Segment.

<i>Value</i>	<i>Label</i>
01	Administrative Segment

**W1002 NUMERIC STATE CODE**

- Study 04720 -

Location: 3-4 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Text: This is a two-digit value assigned to the state.

**W1003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 1  
  
This identifies the agency in which any reported crime data occurred.

**W1004 INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 2  
  
This is a unique case number assigned to the incident by the agency; it links all segments together for the incident. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being written to tape.

**W1005 INCIDENT DATE**

Location: 26-33 (width: 8; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 3  
  
This is the date that the incident occurred (Format: YYYYMMDD). If date of occurrence is unknown, the date the incident was reported is used. This is indicated by a value of "R" in the Report Date Indicator in W1006.

**W1006 REPORT DATE INDICATOR**

Location: 34-34 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: If value is "R" (Report Date), Incident Date is the date the incident was reported. If blank, it is the date the incident occurred.

**W1007 INCIDENT DATE HOUR**

Location: 35-36 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)

- Study 04720 -

Interval: continuous  
 Text: This is the military time hour that the crime occurred. If the crime occurred at exactly midnight, the Incident Date will reflect as if the time was one minute past midnight. In other words, midnight is considered the beginning of the day.

<i>Value</i>	<i>Label</i>
Blank	Unknown time
00	On or between midnight and 0059
01	On or between 0100 and 0159
02	On or between 0200 and 0259
03	On or between 0300 and 0359
04	On or between 0400 and 0459
05	On or between 0500 and 0559
06	On or between 0600 and 0659
07	On or between 0700 and 0759
08	On or between 0800 and 0859
09	On or between 0900 and 0959
10	On or between 1000 and 1059
11	On or between 1100 and 1159
12	On or between 1200 and 1259
13	On or between 1300 and 1359
14	On or between 1400 and 1459
15	On or between 1500 and 1559
16	On or between 1600 and 1659
17	On or between 1700 and 1759
18	On or between 1800 and 1859
19	On or between 1900 and 1959
20	On or between 2000 and 2059
21	On or between 2100 and 2159
22	On or between 2200 and 2259
23	On or between 2300 and 2359

**W1008 TOTAL OFFENSE SEGMENTS**

Location: 37-38 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: This is the number of offense segments (up to 10) in the Group A Incident Report.

**W1009 TOTAL VICTIM SEGMENTS**

Location: 39-41 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous

- Study 04720 -

Text: This is the number of Victim Segments (up to 999) in the Group A Incident Report.

**W1010 TOTAL OFFENDER SEGMENTS**

Location: 42-43 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: This is the number of Offender Segments (up to 99) in the Group A Incident Report.

**W1011 TOTAL ARRESTEE SEGMENTS**

Location: 44-45 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: This is the number of Arrestee Segments (up to 99) in the Group A Incident Report.

**W1012 CITY SUBMISSION**

Location: 46-49 (width: 4; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: This field is used by the FBI to identify those cities that submit directly to the FBI as a result of the state not having a NIBRS program.

**W1013 CLEARED EXCEPTIONALLY**

Location: 50-50 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 4

This indicates if the incident is cleared by nonarrest circumstances outside the control of law enforcement. If code is other than "N" (Not Applicable), the Exceptional Clearance Date applies.

<i>Value</i>	<i>Label</i>
A	Death of Offender
B	Prosecution Declined (for other than lack of probable cause)
C	Extradition Denied
D	Victim Refused to Cooperate
E	Juvenile/No Custody
N	Not Applicable

**W1014 EXCEPTIONAL CLEARANCE DATE**

Location: 51-58 (width: 8; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous

- Study 04720 -

Text: Data Element 5

This is the date of the exceptional clearance (Format: YYYYMMDD).

**W1015 OFFENSE CODE 1**

Location: 59-61 (width: 3; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 6

Up to 10 3-character UCR offense codes fro the original Group "A" Incident Report are included here.

<i>Value</i>	<i>Label</i>
200	Arson
	Assault Offenses
13A	Aggravated Assault
13B	Simple Assault
13C	Intimidation
510	Bribery
220	Burglary/Breaking and Entering
250	Counterfeiting/Forgery
290	Destruction/Damage/Vandalism of Property
	Drug/Narcotic Offenses
35A	Drug/Narcotic Violations
35B	Drug Equipment Violations
270	Embezzlement
210	Extortion/Blackmail
	Fraud Offenses
26A	False Pretenses/Swindle/Confidence Game
26B	Credit Card/Automatic Teller Machine Fraud
26C	Impersonation
26D	Welfare Fraud
26E	Wire Fraud
	Gambling Offenses
39A	Betting/Wagering
39B	Operating/Promoting/Assisting Gambling
39C	Gambling Equipment Violations
39D	Sports Tampering
	Homicide Offenses
09A	Murder/Nonnegligent Manslaughter
09B	Negligent Manslaughter
09C	Justifiable Homicide

- Study 04720 -

<i>Value</i>	<i>Label</i>

**W1025 N W1 RECORDS PER ORI-INCIDENT NUMBER**

Location: 89-91 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: This is the number of Window Exceptional Clearance (W1) records in a group of records with a common ORI and incident number.

**W3001 SEGMENT LEVEL**

Location: 1-2 (width: 2; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Designates this as a Window Recovered Property Segment.

<i>Value</i>	<i>Label</i>
03	Property segment
03	Property Segment

**W3002 NUMERIC STATE CODE**

Location: 3-4 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: This is a two-digit value assigned to the state.

- Study 04720 -

**W3003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 1

This identifies the agency in which any reported crime data occurred.

**W3004 INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 2

This is a unique case number assigned to the incident by the agency; it links all segments together for the incident. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being written to tape.

**W3005 INCIDENT DATE**

Location: 26-33 (width: 8; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 3

This is the same date value from the Administrative Segment (Format: YYYYMMDD).

**PROPERTY SEGMENT DATA ELEMENTS**

**Overview**

Up to 10 Property Description Codes can be present for each type of loss/etc. selected under data element 14 (Type Property Loss/ Etc.), with each on a separate Property Segment. If more than 10 types of property are involved, the codes and values for the nine most valuable are present; then, "77" (Other) has the remaining properties, along with their total value.

Property data entered into data elements 14 through 22 will include the TOTAL losses, recoveries, seizures, etc., for all the VICTIMS in this incident.

If Type Property Loss/Etc. is "1" (None) or "8" (Unknown), data elements 15-22 will be blank unless "1" (None) was entered and the offense is 35A, then data element 20 (Suspected Drug Type) will be present.

**W3006 PROPERTY LOSS/ETC.**

Location: 34-34 (width: 1; decimal: 0)  
Interval: discrete  
Text: Data Element 14

8	Unknown

**W3007**

**PROPERTY DESCRIPTION**

Location: 35-36 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: Data Element 15

This code describes the types of property involved.

Code 77: The agency has not yet resubmitted the Group A Incident Report with an itemized list of the property involved.

Code 99: Will be used by the FBI to compile statistics on certain types of property, e.g., CB radios, which are the object of current theft fads.

**W3008**

**VALUE OF PROPERTY**

Location: 37-45 (width: 9; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: Data Element 16

If the value of the property is unknown, the value will be one ("1") dollar.

The value will be blanks when the offense is Drug/Narcotic Violations (UCR Code 35A) and "6" (Seized) for data element 14 (Type Property Loss/Etc.) and "10" (Drugs/Narcotics) for data element 15 (Property Description) are present. Instead, data elements 20-22 would be present.

A property value for "10" (Drugs/Narcotics) would, however, be present if this property applies to other offenses (e.g., arson, burglary, etc.). data elements 20-22 would then be left blank.

**W3009**

**DATE RECOVERED**

Location: 46-53 (width: 8; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous

- Study 04720 -

Text: Data Element 17

This is the date that the property item was recovered (Format: YYYYMMDD). This will be present ONLY if data element 14 (Type Property Loss/Etc.) is "5" (Recovered).

**W3010 NUMBER OF STOLEN MOTOR VEHICLES**

Location: 54-55 (width: 2; decimal: 0)

Variable Type: numeric (ISO)

Interval: continuous

Text: Data Element 18

STOLEN/RECOVERED MOTOR VEHICLES

If motor vehicles (Codes 03, 05, 24, 28, or 37) were stolen and/or recovered, data elements 18 and/or 19, as applicable, will show the number of vehicles involved.

Will be present only if data element 14 (Type Property Loss/Etc.) was "5" (Recovered) or "7" (Stolen) and the UCR Offense Code was 240 (Motor Vehicle Theft). If number is unknown, "00" will be present.

**W3011 NUMBER OF RECOVERED MOTOR VEHICLES**

Location: 56-57 (width: 2; decimal: 0)

Variable Type: numeric (ISO)

Interval: continuous

Text: Data Element 19

STOLEN/RECOVERED MOTOR VEHICLES

If motor vehicles (Codes 03, 05, 24, 28, or 37) were stolen and/or recovered, data elements 18 and/or 19, as applicable, will show the number of vehicles involved.

Will be present only if data element 14 (Type Property Loss/Etc.) was "5" (Recovered) or "7" (Stolen) and the UCR Offense Code was 240 (Motor Vehicle Theft). If number is unknown, "00" will be present.

**W3012 SUSPECTED DRUG TYPE 1**

Location: 58-58 (width: 1; decimal: 0)

Variable Type: character (ISO)

Interval: discrete

Text: Data Element 20

DRUG INVOLVEMENT DATA

Overview

Will be present only if: the offense is Drug/Narcotic Violation (UCR Code 35A), "6" (Seized) is present in data element 14 (Type Property Loss/Etc.), and "10" (Drugs/Narcotics) is present in data element 15 (Property Description). The number of pounds, grams, items, etc. of the drug/narcotic will be in data element 21 (Estimated Drug Quantity). If data element 22 (Type Measurement) was not available at the time of the submission, "XX" (Not Reported) will be present and "1" will be present in data element 21 (Estimated Quantity).

- Study 04720 -

If "1" (None) is present instead of "6" (Seized) above, then data element 20 (Suspected Drug Type) should be present.

If more than three types of drugs are involved, the codes for the two most important along with "X" (Over 3 Drug Types) for the remaining drugs will be present. In this instance, data elements 21 (Estimated Drug Quantity) and 22 (Type Drug Measurement) will be blank. Note that no entry is made into data element 16 (Value of Property) when the offense is "Drug/Narcotic Violation" (UCR Code 35A).

<i>Value</i>	<i>Label</i>

P	Other Drugs: Antidepressants (Elavil, Triavil, Tofranil, etc.); Aromatic Hydrocarbons; Propoxyphene or Darvon; Tranquilizers (Chlordiazepoxide or Librium, Diazepam or Valium, etc.); etc.
U	Unknown Type Drug
X	Over 3 Drug Types

**W3017**

**ESTIMATED QUANTITY 2**

Location: 59-67 (width: 9; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: Data Element 21

This is the number of pounds, grams, items, etc. of the drug/narcotic. If entered, will be right-justified with zero left-fill.

**W3018**

**ESTIMATED QUANTITY - FRACTIONAL THOUSANDTHS 2**

Location: 68-70 (width: 3; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: continuous  
 Text: In addition to estimated quantity above, this further breaks it down into thousandths. If estimated quantity above is present, this field will also be present and will be right-justified with zero left-fill.

**W3019**

**TYPE MEASUREMENT 2**

Location: 71-72 (width: 2; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 22

<i>Value</i>	<i>Label</i>

**W3034 N W3 RECORDS PER ORI-INCIDENT NUMBER**

Location: 133-135 (width: 3; decimal: 0)  
 Interval: continuous  
 Text: This is the number of Window Recovered Property (W3) records in a group of records with a common ORI and incident number.

**W6001 SEGMENT LEVEL**

Location: 1-2 (width: 2; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Designates this as a Window Arrestee Segment.

<i>Value</i>	<i>Label</i>
W6	Window Arrestee Segment

**W6002 NUMERIC STATE CODE**

Location: 3-4 (width: 2; decimal: 0)  
 Variable Type: numeric (ISO)  
 Interval: discrete  
 Text: This is a two-digit value assigned to the state.

**W6003 ORIGINATING AGENCY IDENTIFIER (ORI)**

Location: 5-13 (width: 9; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 1

- Study 04720 -

This identifies the agency in which any reported crime data occurred.

**W6004 INCIDENT NUMBER**

Location: 14-25 (width: 12; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 2

This is a unique case number assigned to the incident by the agency; it links all segments together for the incident. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being written to tape.

**W6005 INCIDENT DATE**

Location: 26-33 (width: 8; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 3

This is the same date value from the Administrative Segment (Format: YYYYMMDD).

**W6006 ARRESTEE SEQUENCE NUMBER**

Location: 34-35 (width: 2; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: discrete  
Range of Valid Data Values: 01 thru 99  
Text: Data Element 40

This uniquely identifies an arrestee and separates one arrestee from another within a multi-arrestee Group A Incident Report.

**W6007 ARREST TRANSACTION NUMBER**

Location: 36-47 (width: 12; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 41

This is a unique case number assigned to the arrestee by the agency. This is encrypted by the FBI prior to being written to tape.

**W6008 ARREST DATE**

Location: 48-55 (width: 8; decimal: 0)  
Variable Type: numeric (ISO)  
Interval: continuous  
Text: Data Element 42

- Study 04720 -

This is the date that the arrest was made (Format: YYYYMMDD).

**W6009 TYPE OF ARREST**

Location: 56-56 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 43

<i>Value</i>	<i>Label</i>
O	On-View Arrest (taken into custody without a warrant or previous incident report)
S	Summoned/Cited (not taken into custody)
T	Taken Into Custody (based on warrant and/or previous incident report)

**W6010 MULTIPLE ARRESTEE SEGMENTS INDICATOR**

Location: 57-57 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 44

If the apprehension of this arrestee causes multiple criminal incidents to be cleared within the jurisdiction served by the reporting agency, "M" (Multiple) will be present on all Arrest Segments except one, and "C" (Count Arrestee) on the one not containing "M" (Multiple). If multiple clearances are not involved, "N" (Not Applicable) will be present.

<i>Value</i>	<i>Label</i>
M	Multiple
C	Count Arrestee
N	Not Applicable

**W6011 UCR ARREST OFFENSE CODE**

Location: 58-60 (width: 3; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 45

UCR arrest offense codes are defined in the Offense Segment for data element 6. As the arrest offense, it does not have to match any offense in the offense segment(s) received and can be any of the 57 offense code possibilities.

<i>Value</i>	<i>Label</i>
200	Arson
	Assault Offenses
13A	Aggravated Assault
13B	Simple Assault

11C	Sexual Assault With An Object
11D	Forcible Fondling (Indecent Liberties/Child Molesting)
	Sex Offenses, Nonforcible
36A	Incest
36B	Statutory Rape
280	Stolen Property Offenses (Receiving, Selling, Etc.)
520	Weapon Law Violations

**W6012**

**ARRESTEE ARMED WITH 1**

Location: 61-63 (width: 3; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 46

This shows the (up to 2) type(s) of weapons involved with this offense.

If the weapon is an automatic, a value of "A" will be in this position; otherwise, it is blank. An automatic is any firearm which shoots, or is designed to shoot, more than one shot by a single pull of the trigger without manual reloading.

<i>Value</i>	<i>Label</i>
01	Unarmed
11	Firearm (type not stated)
11A	Firearm (type not stated), automatic
12	Handgun
12A	Handgun, automatic
13	Rifle
13A	Rifle, automatic
14	Shotgun
14A	Shotgun, automatic
15	Other Firearm
15A	Other Firearm, automatic
16	Lethal Cutting Instrument (e.g., switchblade knife, etc.)
17	Club/Blackjack/Brass Knuckles

**W6013**

**ARRESTEE ARMED WITH 2**

Location: 64-66 (width: 3; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 46

- Study 04720 -

15	Other Firearm
15A	Other Firearm, automatic
16	Lethal Cutting Instrument (e.g., switchblade knife, etc.)
17	Club/Blackjack/Brass Knuckles

**W6014 AGE OF ARRESTEE**

Location: 67-68 (width: 2; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: continuous  
 Text: Data Element 47

This is the age of the arrestee at the time of arrest.

<i>Value</i>	<i>Label</i>
00	Unknown
99	Over 98 Years Old

**W6015 SEX OF ARRESTEE**

Location: 69-69 (width: 1; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 48

<i>Value</i>	<i>Label</i>
M	Male
F	Female

**W6016 RACE OF ARRESTEE**

- Study 04720 -

Location: 70-70 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 49

<i>Value</i>	<i>Label</i>
W	White
B	Black
I	American Indian/Alaskan Native
A	Asian/Pacific Islander
U	Unknown

**W6017 ETHNICITY OF ARRESTEE**

Location: 71-71 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 50

<i>Value</i>	<i>Label</i>
H	Hispanic Origin
N	Not of Hispanic Origin
U	Unknown

**W6018 RESIDENT STATUS OF ARRESTEE**

Location: 72-72 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 51

The test for determining if the arrestee is a resident is whether the arrestee maintains his/her permanent home for legal purposes in the locality (i.e., town, city, or community) where the crime occurred.

<i>Value</i>	<i>Label</i>
R	Resident
N	Nonresident
U	Unknown

**W6019 DISPOSITION OF ARRESTEE UNDER 18**

Location: 73-73 (width: 1; decimal: 0)  
Variable Type: character (ISO)  
Interval: discrete  
Text: Data Element 52

- Study 04720 -

<i>Value</i>	<i>Label</i>
H	Handled Within Department (e.g., released to parents, released with warning, etc.)
R	Referred to Other Authorities (e.g., turned over to juvenile court, probation department, welfare agency, other police agency, criminal or adult court, etc.)

**W6021**

**WINDOW UCR OFFENSE CODE 1**

Location: 75-77 (width: 3; decimal: 0)  
 Variable Type: character (ISO)  
 Interval: discrete  
 Text: Data Element 6

Up to 10 3-character UCR offense codes fro the original Group "A" Incident Report are included here.

<i>Value</i>	<i>Label</i>
200	Arson
	Assault Offenses
13A	Aggravated Assault
13B	Simple Assault

### Group A and B Offenses

Text:

#### CRIMES AGAINST PERSONS/ PROPERTY/ SOCIETY

NIBRS offenses are divided into three categories: Crimes against persons, crimes against property, or crimes against society. Crimes against persons are those whose victims are always individuals, e.g., murder, forcible rape, assault. The object of crimes against property is to obtain money, property, or some other benefit, e.g., robbery, bribery, burglary. Crimes against society represent society's prohibition against engaging in certain types of activity, e.g., gambling, prostitution, drug violations.

For counting purposes, one offense is counted for each victim of a crime against persons; one offense is counted for each distinct operation for crime against property (except motor vehicle theft, where one offense is counted for each stolen vehicle); and one offense is counted for each crime against society.

The following offense categories, known as Group A offenses, were selected as those for which extensive crime data should be collected in NIBRS.

CODE	OFFENSE	CRIME AGAINST
200	Arson	Property

**Examples of Crime Incidents**

Text:

Below are three examples of different crime incidents. They are included to highlight the concept of an incident for NIBRS data.

Example 1: Two offenders robbed a bar. The bartender was forced at gunpoint to surrender money from the cash register. The robbers also took money and jewelry from three customers. One of the robbers, in searching for more customers to rob, found a female customer in the rest room and raped her there outside of the view of the other offender. When the rapist returned, both robbers left. There were two incidents, one involving robbery and the other involving forcible rape, because the offenders weren't "acting in concert" in both offenses.

Example 2: Same situation as example 1, except that the rape occurred in the bar and the other offender told the rapist to stop and only rob the victim. There was only one incident with two offenses, i.e., robbery and forcible rape. Although the other robber did not consent to the rape, by displaying a gun he prevented someone coming to the victim's assistance and thereby assisted in the commission of the crime.

Example 3: Over a period of 18 months, a computer programmer working for a bank manipulated the bank's computer and systematically embezzled \$70,000. The continuing criminal activity constituted a single incident involving the crime of embezzlement.

**NIBRS Group A Offense Definitions**

Text:

1. Arson

Definition - To unlawfully and intentionally damage, or attempt to damage, any real or personal property by fire or incendiary device.

Only fires determined through investigation to have been unlawfully and intentionally set are to be classified as arson. Attempts to burn should be included, but fires of suspicious or unknown origin should not be reported. One incident should be scored for each distinct arson operation originating within the reporting jurisdiction. If an arson is perpetrated in one locale and spreads to another, it would be reported by the jurisdiction in which the fire originated.

Incidents in which persons are killed as a direct result of arson involve both homicide and arson. Similarly, the number of persons injured during an arson should be reported as assaulted along with the arson. Arson-related deaths and injuries of police officers and firefighters, unless willful murders or assaults, are excluded from the program due to the hazardous nature of these professions.

2. Assault Offenses

Definition - An unlawful attack by one person upon another.

A. Aggravated Assault

Definition - An unlawful attack by one person upon another wherein the offender uses a weapon or displays it in a threatening manner, or the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness. This also includes assault with disease (as in cases when the offender is aware that he/she is infected with a deadly disease and deliberately attempts to inflict the disease by biting, spitting, etc.).

For purposes of aggravated assault reporting, a weapon is a commonly known weapon (a gun, knife, club, etc.) or any other item which, although not usually thought of as a weapon, becomes one when used in a manner that could cause the types of severe bodily injury described in the above definition. A severe laceration is one which should receive medical attention. Loss of consciousness must be the direct result of force inflicted on the victim by the offender.

Aggravated assault includes: assaults or attempts to kill or murder; poisoning; assault with a dangerous or deadly weapon; maiming, mayhem, assault with explosives; and assault with disease (as in cases when the offender is aware that he/she is infected with a deadly disease and deliberately attempts to inflict the disease by biting, spitting, etc.). All assaults by one person upon another with the intent to kill, maim, or inflict severe bodily injury with the use of any dangerous weapon are classified as aggravated assault. It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could cause serious personal injury. By definition, there can be

## - Study 04720 -

no attempted assaults.

On occasion, it is the practice to charge assailants in assault cases with assault and battery or simple assault even though a knife, gun, or other weapon was used in the incident. For UCR purposes, this type of assault is to be classified as aggravated.

### B. Simple Assault

Definition - An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Included are offenses such as minor assault, hazing, assault and battery, and injury caused by culpable negligence. As with aggravated assault, there are no attempted simple assaults.

### C. Intimidation

Definition - To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Intimidation involves an offender making some type of threat to the victim without actually using or displaying a weapon. Such threats can be made in person, over the telephone, or in writing.

### AN AID IN CLASSIFYING ASSAULTS

Careful consideration of the following factors should assist in classifying assaults:

1. The type of weapon employed or the use of an object as a weapon;
2. The seriousness of the injury;
3. The intent and capability of the assailant to cause serious injury.

Usually, the weapons used or the extent of the injury sustained will be the deciding factors in distinguishing aggravated from simple assault. In only a very limited number of instances should it be necessary to examine the intent and capability of the assailant.

Prosecutorial policy in a jurisdiction should not influence classification or reporting of law enforcement offense data. It is necessary that assaults in each jurisdiction be examined and classified according to the standard UCR definitions, regardless of whether they are termed felonies by local definitions.

### 3. Bribery

Definition - The offering, giving, receiving, or soliciting of any thing of value (i.e., a bribe, gratuity, or kickback) to sway the judgment or action of a person in a position of trust or influence.

- Study 04720 -

This offense excludes sports bribery, i.e., changing the outcome of a sporting contest or event, which is covered in the offenses dealing with gambling.

The phrase, "The offering, giving, receiving, or soliciting of any thing of value..." includes such things as gratuities, kickbacks, favors, or anything else used illegally to influence the outcome of something that is governed by law, fair play, contractual agreement, or any other guideline. The bribe would bring the outcome of an event outside any realm of reasonableness, the result of which could be predicted based on the offering or influence given to the person(s) in a position to render decisions.

4. Burglary/Breaking and Entering

Definition - The unlawful entry into a building or other structure with the intent to commit a felony or a theft.

For UCR purposes, offenses locally known as burglary (any degree); unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; and safecracking should be classified as burglary. Burglary almost always includes some type of larceny offense. Because, however, burglary is defined in terms of theft, only the burglary is to be reported, not the accompanying larceny.

In the UCR standard definition of burglary, a structure is considered to include, but not be limited to, the following:

Apartment	Office
Barn	Other Building
Cabin	Outbuilding
Church	Public Building
Condominium	Railroad Car
Dwelling House	Room
Factory	School
Garage	Stable
Housetrailer or Houseboat	Vessel (Ship)
(used as permanent dwelling)	Warehouse
Mill	

Any housetrailer or other mobile unit that is permanently fixed as an office, residence, or storehouse should also be considered a structure.

Whenever a question arises as to whether a type of structure comes within the purview of the burglary definition, the law enforcement officer should look to the nature of the crime and be guided by the examples set forth. If a question remains, contact the FBI's UCR unit. The illegal entry of a tent, tent trailer, motorhome, housetrailer, or any other mobile unit that is being used for recreational purposes, followed by a theft, felony, or attempt to commit a felony or theft, should NOT be classified as burglary, but as larceny.

Burglaries of hotels, motels, lodging houses, or other places where lodging of transients is the main purpose or burglaries of temporary rental storage facilities, i.e., "mini-storage" and "self-storage" buildings, can pose reporting questions. If a number of units under a single manager are burglarized and the offenses are most likely to be reported to the police

- Study 04720 -

by the manager rather than the individual tenants/renters, the burglary should be reported as a single incident. Examples are burglaries of a number of rental hotel rooms, rooms in "flop" houses, rooms in a youth hostel, units in a motel, and storage units in a commercial self-storage building. If the individual living areas in a building are rented or leased to the occupants for a period of time, which would preclude the tenancy from being classified as transient, then the burglaries would most likely be reported separately by the occupants. Such burglaries should be reported as separate incidents. Examples of this latter type of multiple burglary would be the burglaries of a number of apartments in an apartment house, of the offices of a number of commercial items in a business building, of the offices of separate professionals within one building, or of a number of rooms in a college dormitory.

NOTE: Remember that offenses should be classified according to NIBRS definitions and not according to state, local, or Federal codes. Some jurisdictions might, for example, categorize a shoplifting or a theft from an automobile as burglary. These offenses are not classified as burglaries in UCR and must be considered larcenies for reporting purposes. Thefts from automobiles (whether locked or not); shoplifting from commercial establishments; and thefts from telephone booths, coinboxes, or coin-operated machines do not involve unlawful entry of a structure; thus, no burglary occurred.

5. Counterfeiting/Forgery

Definition - The altering, copying, or imitation of something, without authority or right, with the intent to deceive or defraud by passing the copy or thing altered or imitated as that which is original or genuine; or the selling, buying, or possession of an altered, copied, or imitated thing with the intent to deceive or defraud.

In most states, forgery and counterfeiting are treated as allied offenses. Included in this category are offenses such as altering and forging public and other records; making, altering, forging or counterfeiting bills, notes, drafts, tickets, checks, credit cards, etc.; forging wills, deeds, notes, bonds, seals, trademarks, etc.; counterfeiting coins, plates, banknotes, checks, etc.; possessing forged or counterfeited instruments; erasures; signing the name of another or fictitious person with intent to defraud; using forged labels; possession, manufacture, etc., of counterfeiting apparatus; and selling goods with altered, forged, or counterfeited trademarks. Although counterfeiting/forgery offenses can involve elements of fraud, they are treated separately due to their unique nature.

6. Destruction/Damage/Vandalism of Property

Definition - To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

The offense includes a broad range of injury to property, i.e., from deliberate, extensive destruction of property at one extreme to mischievous, less extensive damage at the other extreme. It does not include destruction or damage to property caused by arson. As a general rule, the offense is to be reported only if the reporting agency deems that

## - Study 04720 -

substantial damage to property has occurred. However, any offense suspected to have been motivated by the offender's bias against the victim's race, religion, ethnicity, or sexual orientation is to be reported regardless of the amount or type of damage.

Incidental damage resulting from another offense (e.g., burglary, robbery) is to be reported in this offense category only if the reporting agency deems the amount of damage to be substantial. For example, insubstantial damage, such as a broken window, forced door, etc., should not be reported, but, substantial damage, such as where a truck is backed into a store front to gain admittance and major structural damage is caused, should be reported. For the crime of arson, however, incidental damage resulting from fighting the fire should be included as part of the loss caused by burning. The determination of whether the damage was substantial is left to the discretion of the reporting law enforcement agency and should not require burdensome damage assessments.

### 7. Drug/Narcotic Offenses

Definition - The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use.

#### A. Drug/Narcotic Violations

Definition - The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance.

#### B. Drug Equipment Violations

Definition - The unlawful manufacture, sale, purchase, possession, or transportation of equipment or devices utilized in preparing and/or using drugs or narcotics.

This offense covers those cases involving drug paraphernalia, equipment, chemicals, illegal labs, etc. Various statutes and/or codes may vary in the description of equipment or paraphernalia involved with drugs/narcotics. If any difficulty arises in determining whether or not a particular item, tool, chemical, etc., is applicable to this offense, contact the national Uniform Crime Reporting Program for clarification.

### 8. Embezzlement

Definition - The unlawful misappropriation by an offender to his/her own use or purpose of money, property, or some other thing of value entrusted to his/her care, custody, or control.

Generally, the victims of embezzlement offenses are businesses, financial institutions, etc.

### 9. Extortion/Blackmail

Definition - To unlawfully obtain money, property, or any other thing of value, either tangible or intangible, through the use or threat of force, misuse of authority, threat of criminal prosecution, threat of destruction of reputation or social standing,

## - Study 04720 -

or through other coercive means.

Even though persons are involved or victimized in extortion/blackmail cases, this offense is considered a crime against property. Like robbery, which is also a crime against property, the object or target of extortion/blackmail is to obtain money or property; therefore, it is classified as such. Extortions include offenses where threats are made in nonconfrontational circumstances and the victim is not in fear of immediate harm. If during a demand for money, property, etc., there is a personal confrontation between the victim and offender and the threat of force or violence could be carried out immediately, the offense should be reported as Robbery.

### 10. Fraud Offenses

Definition - The intentional perversion of the truth for the purpose of inducing another person or other entity in reliance upon it to part with some thing of value or to surrender a legal right.

By definition, fraud involves either the offender receiving a benefit or the victim incurring a detriment. The benefit or detriment could be either tangible or intangible. For example, if a person impersonates a doctor to gain entrance to a restricted area of a hospital, the benefit to the offender (entry to the restricted area) is intangible. Intangibles are anything which cannot be perceived by the sense of touch. They can be benefits, e.g., a right or privilege, a promotion, enhanced reputation, etc.; or a detriment, e.g., loss of reputation, injured feelings, etc.

The most specific subcategory of fraud should be reported whenever the circumstances fit the definition of more than one of the subcategories listed below. For example, most frauds would fit the definition of False Pretenses/Swindle/Confidence Game. But, if a credit card was used to perpetrate the fraud, the offense would be classified as Credit Card/Automatic Teller Machine Fraud.

The only fraud-related violations that would not be reported under the Fraud Offenses category are counterfeiting, forgery, and bad checks. These offenses are reported under their own specific offense classifications.

When classifying fraud cases other than the most obvious ones, i.e., con games, swindles, etc., care should be used in applying the facts of the case to the definition of fraud. Often questions arise as to whether or not the facts of a case describe a fraud or a larceny. Whereas both offenses can involve theft, it is the method used to steal that makes the difference between the two. Fraud is achieved through deceit or lying, whereas larceny is the physical taking of something.

Examples of common fraud cases are where something of value, e.g., a VCR or automobile, is rented for a period of time but is not returned. This offense, conversion of goods lawfully possessed by bailees, is classified as fraud and not larceny. In such cases, the offenders originally had lawful possession of the property (the property was either rented, loaned, or the person was in some way entrusted with its possession) and through deceit (they promised to return it) kept the property.

A common classification problem is the taking of gasoline without paying for it. If an offender takes gasoline from a self-service gas station

- Study 04720 -

without paying for it, the offense is classified as larceny. In this case, no contract was entered into nor agreement made for payment. This would be the same as taking a can of oil off of the station's rack. However, if a station attendant is asked to fill the tank, there is a tacit agreement that he will be paid for the gas, and the offender, never having the intention to pay for it in the first place, utilized deception and stole the gas. This, then, is classified as a fraud.

A. False Pretenses/Swindle/Confidence Game

Definition - The intentional misrepresentation of existing fact or condition, or the use of some other deceptive scheme or device, to obtain money, goods, or other things of value.

B. Credit Card/Automatic Teller Machine Fraud

Definition - The unlawful use of a credit (or debit) card or automatic teller machine for fraudulent purposes.

This offense does not apply to the theft of a credit/debit card but rather its fraudulent use.

C. Impersonation

Definition - Falsely representing one's identity or position, and acting in the character or position thus unlawfully assumed, to deceive others and thereby gain a profit or advantage, enjoy some right or privilege, or subject another person or entity to an expense, charge, or liability which would not have otherwise been incurred.

D. Welfare Fraud

Definition - The use of deceitful statements, practices, or devices to unlawfully obtain welfare benefits.

E. Wire Fraud

Definition - The use of an electric or electronic communications facility to intentionally transmit a false and/or deceptive message in furtherance of a fraudulent activity.

This classification applies to those cases where telephone, teletype, micro-relay facilities, etc., are used in the commission or furtherance of a fraud.

11. Gambling Offenses

Definition - To unlawfully bet or wager money or something else of value; assist, promote, or operate a game of chance for money or some other stake; possess or transmit wagering information; manufacture, sell, purchase, possess, or transport gambling equipment, devices, or goods; or tamper with the outcome of a sporting event or contest to gain a gambling advantage.

A. Betting/Wagering

- Study 04720 -

Definition - To unlawfully stake money or something else of value on the happening of an uncertain event or on the ascertainment of a fact in dispute.

B. Operating/Promoting/Assisting Gambling

Definition - To unlawfully operate, promote, or assist in the operation of a game of chance, lottery, or other gambling activity.

C. Gambling Equipment Violations

Definition - To unlawfully manufacture, sell, buy, possess, or transport equipment, devices, and/or goods used for gambling purposes.

Such equipment is also known as gambling paraphernalia.

D. Sports Tampering

Definition - To unlawfully alter, meddle in, or otherwise interfere with a sporting contest or event for the purpose of gaining a gambling advantage.

This offense includes engaging in bribery for gambling purposes. For example, if a jockey was bribed to lose a horse race, it would be reported as Sports Tampering, not Bribery.

NOTE: While explicit definitions are provided for most Group A crimes, some, such as Gambling Offenses, depend on the violation of locally established statutes.

12. Homicide Offenses

Definition - The killing of one human being by another.

A. Murder and Nonnegligent Manslaughter

Definition-The willful (nonnegligent) killing of one human being by another.

As a general rule, any death due to injuries received in a fight, argument, quarrel, assault, or commission of a crime is classified in this category. Although offenders may be charged with lesser offenses (e.g., negligent manslaughter), if the killing was willful or intentional it must be reported as murder or nonnegligent manslaughter. The findings of a court, coroner's inquest, etc., do not affect the reporting of offenses in this category; these are law enforcement statistics.

Suicides, accidental deaths, assaults to murder, traffic fatalities, and attempted murders are not classified as murder or negligent manslaughter. Situations where a victim dies of a heart attack as a result of a robbery or witnessing a crime likewise do not meet the criteria for inclusion in this classification. A heart attack cannot, in fact, be caused at will by an offender. Even in instances where an individual is known to have a weak heart, there is no assurance that an offender can cause sufficient emotional or physical stress to guarantee the victim will suffer

## - Study 04720 -

a fatal heart attack. Suicides, traffic fatalities, and fetal deaths are totally excluded from the UCR Program, while some accidental deaths are counted as negligent manslaughter. Assaults to murder and attempted murders are classified as aggravated assaults.

### B. Negligent Manslaughter

Definition - The killing of another person through negligence.

Included in this offense are killings resulting from hunting accidents, gun cleaning, children playing with guns, etc. Not included are deaths of persons due to their own negligence; accidental deaths not resulting from gross negligence; and accidental traffic fatalities. Again, the subsequent findings of a court, coroner's inquest, etc., do not affect the reporting of offenses in this category; these are law enforcement statistics.

### C. Justifiable Homicide

Definition - The killing of a perpetrator of a serious criminal offense by a peace officer in the line of duty; or the killing, during the commission of a serious criminal offense, of the perpetrator by a private individual.

Justifiable homicide is not an actual offense and is not included in an agency's crime counts. A "serious criminal offense" is a felony or high misdemeanor. Do not count a killing as justifiable or excusable solely on the basis of self-defense or the action of a coroner, prosecutor, grand jury, or court. The willful killing of one individual by another is being reported, not the criminal liability of the person or persons involved. For UCR purposes, crime determinations and counts are based on law enforcement investigations.

In the original or summary UCR system, justifiable homicides were reported as murders and then unfounded. In NIBRS, since the offenses are recorded as justifiable homicides initially, they should not be unfounded. They will be tallied separately and maintained apart from the murder counts.

Justifiable homicide, by definition, often occurs in conjunction with other offenses. The crime that was being committed when the justifiable homicide took place must be reported as a separate incident. These guidelines are based on the definition of an incident which requires that all of the offenders "act in concert." It cannot be said that the criminal killed justifiably acted in concert with the police officer or civilian who killed him; nor that the police officer or civilian who killed the criminal acted in concert with the criminal in committing the offense that gave rise to the justifiable homicide. Therefore, justifiable homicide cases involve two criminal incidents rather than one.

If the "justified" killer (officer or civilian) committed another offense in connection with the justifiable homicide (e.g., illegal possession of the gun he/she used) that offense would constitute a third incident.

### 13. Kidnapping/Abduction

Definition - The unlawful seizure, transportation, and/or detention of a person against his/her will, or of a minor without the consent of his/her custodial parent(s) or legal guardian.

- Study 04720 -

This offense includes not only kidnapping and abduction, but hostage situations as well. Although the object of a kidnapping may be to obtain money or property, this category is intended to capture information only on the persons actually kidnapped or abducted, not those persons or organizations paying ransoms. Therefore, for each kidnapping incident, report as victims only those persons taken or detained against their will.

14. Larceny/Theft Offenses

Definition - The unlawful taking, carrying, leading, or riding away of property from the possession, or constructive possession, of another person.

Larceny and theft mean the same thing in UCR. Motor vehicle theft is not included and is counted separately because of the great volume of such thefts. Local offense classifications such as grand theft, petty larceny, felony larceny, or misdemeanor larceny have no bearing on the fact that each distinct operation of larceny is reported as one offense for UCR purposes. Also, all larceny offenses are reported regardless of the value of the property stolen.

Do not classify embezzlement; fraudulent conversion of entrusted property; conversion of goods lawfully possessed by bailees; counterfeiting; obtaining money by false pretenses; larceny by check, larceny by bailee; and check fraud as larceny offenses. Each of the aforementioned crimes falls within other offense categories.

A. Pocket-picking

Definition - The theft of articles from another person's physical possession by stealth where the victim usually does not become immediately aware of the theft.

This type of theft includes removal of such items as wallets from women's purses and men's pockets and usually occurs in a crowd, public conveyance, or other similar situation to disguise the activity. Theft from a person in an unconscious state, including drunks, should also be classified as pocket-picking. However, if the victim is manhandled or force beyond simple jostling is used to overcome the resistance of the victim, the offense becomes strong-arm robbery.

B. Purse-snatching

Definition - The grabbing or snatching of a purse, handbag, etc., from the physical possession of another person.

If more force is used than is actually necessary to snatch the purse from the grasp of the person, or if the victim resists the theft in any way, then robbery has occurred. Also, cases in which a purse or some other item of value is left unattended and is stolen should not be classified as a purse-snatching. This offense would be properly classified as a theft from a building, from a motor vehicle, or other appropriate larceny category.

C. Shoplifting

Definition - The theft, by someone other than an employee of the

## - Study 04720 -

victim, of goods or merchandise exposed for sale.

This violation assumes that the offender had legal access to the premises, and thus, no trespass or unlawful entry was involved. This offense includes thefts of merchandise displayed as part of the stock in trade outside buildings, such as department stores, hardware stores, supermarkets, fruit stands, gas stations, etc.

### D. Theft From Building

Definition - A theft from within a building which is either open to the general public or where the offender has legal access.

Do not include shoplifting and thefts from coin operated devices or machines within open buildings; these are other specific larceny types. Theft from buildings include those from such places as churches, restaurants, schools, libraries, public buildings, and other public and professional offices during the hours when such facilities are open to the public. A theft from a structure, accompanied by a breaking or unlawful entry (trespass) without breaking, should be reported as burglary and not larceny.

### E. Theft From Coin-Operated Machine or Device

Definition - A theft from a machine or device which is operated or activated by the use of coins.

Some examples of such machines are candy, cigarette, and food vending machines; telephone coinboxes; parking meters; pinball machines; or washers and dryers located in laundromats where no breaking or illegal entry of the building is involved.

If a building was broken into or illegally entered and a coin-operated machine in the building was rifled for money and/or merchandise, the matter would be classified as burglary.

### F. Theft From Motor Vehicle

Definition - The theft of articles from a motor vehicle, whether locked or unlocked.

This type of larceny includes thefts from automobiles, trucks, truck trailers, buses, motorcycles, motor homes, or other recreational vehicles. It also includes thefts from any area in the automobile or other vehicle, e.g., the trunk, glove compartment, or other enclosure. Some of the items stolen in this type of theft are cameras, suitcases, wearing apparel, packages, etc., which are not an integral part of the vehicle. Do not include items that are automobile accessories, as they fall under theft of motor vehicle parts or accessories.

Certain state statutes might interpret thefts from motor vehicles as burglaries. For UCR purposes, these thefts must be classified as larcenies. If a theft from a motor vehicle occurs in conjunction with a motor vehicle theft, the incident will most often be reported as a motor vehicle theft with the stolen property recorded within the appropriate property-type categories. If, however, the reporting jurisdiction

- Study 04720 -

determines that the real object of the theft was the contents, rather than the vehicle, two offenses can be reported, the vehicle theft and the theft from the vehicle. For example, if an automobile with a coat in the back seat is stolen, the offense would be reported as motor vehicle theft and the coat accounted for as property stolen in connection with the automobile theft. The theft of a tractor-trailer (truck) containing a shipment of televisions can, however, be reported as two offenses if in the judgment of the reporting agency the real object of the theft was the televisions, e.g., the truck is found abandoned and empty not far from the scene of the theft.

In larceny situations where both motor vehicle parts and accessories and articles from the motor vehicle are stolen, report the offense resulting in the greatest value of property loss. Report all of the property stolen.

G. Theft of Motor Vehicle Parts or Accessories

Definition - The theft of any part or accessory attached to the interior or exterior of a motor vehicle in a manner which would make the item an attachment of the vehicle or necessary for its operation.

Thefts of motors, transmissions, radios, heaters, hubcaps and wheel covers, manufacturers' emblems, license plates, radio antennas, side-view mirrors, gasoline, tape decks, CB radios, radar detectors, etc., are included in this larceny type. If items being transported in the vehicle are stolen, the offense should be classified as theft from a motor vehicle.

H. All Other Larceny

Definition - All thefts which do not fit any of the definitions of the specific subcategories of larceny/theft listed above.

This offense includes thefts from fenced enclosures. Theft of bicycles, boats, bulldozers, airplanes, animals, lawn mowers, lawn furniture, hand tools, and farmland construction equipment are also included where no breaking or entering of a structure is involved.

Additionally, the illegal entry of a tent, tent trailer, or travel trailer used for recreational purposes, followed by a theft or attempted theft, should be counted as "all other larceny." Yet another example is the taking of gasoline from a self-service gas station and leaving without paying.

15. Motor Vehicle Theft

Definition - The theft of a motor vehicle.

A motor vehicle is defined for UCR purposes as a self-propelled vehicle that runs on land surface and not on rails and which fits one of the following property descriptions:

Automobiles - sedans, coupes, station wagons, convertibles, taxicabs, or other similar motor vehicles which serve the primary purpose of transporting people.

Buses - motor vehicles which are specifically designed (but not necessarily used) to transport groups of people on a commercial basis.

- Study 04720 -

Recreational Vehicles - motor vehicles which are specifically designed (but not necessarily used) to transport people and also provide them temporary lodging for recreational purposes.

Trucks - motor vehicles which are specifically designed (but not necessarily used) to transport cargo on a commercial basis.

Other Motor Vehicles - any other motor vehicles, e.g., motorcycles, motor scooters, trail bikes, mopeds, snowmobiles, golf carts, whose primary purpose is to transport people.

Classify all cases where automobiles are taken by persons not having lawful access as motor vehicle theft even if the vehicles are later abandoned. Include joyriding.

Do not include the taking of a vehicle for temporary use when prior authority has been granted or can be assumed, such as in family situations; or unauthorized use by chauffeurs and others having lawful access to the vehicle. Other Group A offenses may, however, have occurred in these situations. For example, if a chauffeur steals a car entrusted to his care, an embezzlement should be reported.

16. Pornography/Obscene Material

Definition - The violation of laws or ordinances prohibiting the manufacture, publishing, sale, purchase, or possession of sexually explicit material, e.g., literature, photographs, etc.

17. Prostitution Offenses

Definition- To unlawfully engage in or promote sexual activities for profit.

A. Prostitution

Definition - To unlawfully engage in sexual relations for profit.

This offense includes prostitution by both males and females.

B. Assisting or Promoting Prostitution

Definition - To solicit customers or transport persons for prostitution purposes; to own, manage, or operate a dwelling or other establishment for the purpose of providing a place where prostitution is performed; or to otherwise assist or promote prostitution.

18. Robbery

Definition - The taking, or attempting to take, anything of value under confrontational circumstances from the control, custody, or care of another person by force or threat of force or violence and/or by putting the victim in fear of immediate harm.

Robbery involves the offender taking or attempting to take something of value from a victim, aggravated by the element of force or threat of

- Study 04720 -

force. The victim, who usually is the owner or person having custody of the property, is directly confronted by the perpetrator and is threatened with force or is put in fear that force will be used. If there is no direct confrontation and the victim is not in fear of immediate harm, an extortion should be reported. In pocket-pickings or purse-snatchings, direct confrontation does occur, but force or threat of force is absent. However, if during a purse-snatching or other such crime, force or threat of force is used to overcome the active resistance of the victim, the offense is to be classified as robbery.

Cases involving pretended weapons or where the weapon is not seen by the victim but the robber claims to possess one are also classified as Robbery and the alleged weapon reported. If an immediate "on-view" arrest proves that there was no weapon, the offense is classified as Robbery, but the weapon is reported as "None."

Because some type of assault is an element of the crime of robbery, an assault should not be reported as a separate crime as long as it was performed in furtherance of the robbery. However, if the injury results in death, a homicide offense must also be reported.

In any instance of robbery, report one offense for each distinct operation. As in the case of other crimes against property, only one offense is reported regardless of the number of victims involved. The victims of a robbery include not only those persons and other entities (businesses, financial institutions, etc.) from whom property was taken, but also those persons toward whom the robber(s) directed force or threat of force in perpetrating the offense. Therefore, although the primary victim in a bank robbery would be the bank, the teller toward whom the robber pointed a gun and made a demand should also be reported as a victim, as well as any other person upon whom an assault was committed during the course of the robbery.

19. Sex Offenses, Forcible

Definition - Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent.

A. Forcible Rape

Definition - The carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth).

This offense includes the forcible rape of both males and females. In cases where several offenders rape one person, report one forcible rape. Do not count the number of offenders. If force was used or threatened, the crime should be classified as forcible rape regardless of the age of the victim. If no force or threat of force was used and the victim was under the statutory age of consent, the crime should be classified as statutory rape. The ability of the victim to give consent must be a professional determination by the law enforcement agency. The age of the victim, of

- Study 04720 -

course, plays a critical role in this determination. Individuals do not mature mentally at the same rate. Certainly, no 4-year-old is capable of consenting, whereas victims aged 10 or 12 may need to be assessed within the specific circumstances.

B. Forcible Sodomy

Definition - Oral or anal sexual intercourse with another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

If a victim is both raped and sodomized in one incident, then both offenses should be reported.

C. Sexual Assault With an Object

Definition - To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

An object or instrument is anything used by the offender other than the offender's genitalia. Examples are a finger, bottle, handgun, stick, etc.

D. Forcible Fondling

Definition - The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or, not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity.

Forcible fondling includes indecent liberties and child molesting. Because forcible fondling is an element of forcible rape, forcible sodomy, and sexual assault with an object, it should be reported only if it is the sole forcible sex offense committed against a victim.

20. Sex Offenses, Nonforcible

Definition - Unlawful, nonforcible sexual intercourse.

A. Incest

Definition - Nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

B. Statutory Rape

Definition - Nonforcible sexual intercourse with a person who is under the statutory age of consent.

- Study 04720 -

If force was used or threatened or the victim was incapable of giving consent because of his/her youth or mental impairment, either temporary or permanent, the offense should be classified as forcible rape, not statutory rape.

21. Stolen Property Offenses

Definition - Receiving, buying, selling, possessing, concealing, or transporting any property with the knowledge that it has been unlawfully taken, as by burglary, embezzlement, fraud, larceny, robbery, etc.

22. Weapon Law Violations

Definition - The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.

Include violations such as the manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; using, manufacturing, etc., silencers; and furnishing deadly weapons to minors.

**NIBRS Group B Offense Definitions**

Text:

There are 11 Group B offense categories and they encompass all of the crimes which are not Group A offenses, with the exception of most traffic offenses. Only arrestee data (or Group B Arrest Reports) are reported for Group B crimes.

1. Bad Checks

Definition - Knowingly and intentionally writing and/or negotiating checks drawn against insufficient or nonexistent funds.

This offense includes fraudulent checks and insufficient funds checks but not counterfeited checks or forged checks.

2. Curfew/ Loitering/ Vagrancy Violations

Definition - The violation of a court order, regulation, ordinance, or law requiring the withdrawal of persons from the streets or other specified areas; prohibiting persons from remaining in an area or place in an idle or aimless manner; or prohibiting persons from going from place to place without visible means of support.

Included in this offense are unlawful assembly, begging, and vagabondage. Persons arrested as being a suspicious character, suspicious person, etc., are also to be included.

3. Disorderly Conduct

Definition - Any behavior that tends to disturb the public peace or decorum, scandalize the community, or shock the public sense of morality.

This offense includes affray, breach of the peace, blasphemy, profanity, obscene language, disturbing the peace, and public nuisance.

4. Driving Under the Influence

Definition - Driving or operating a motor vehicle or common carrier while mentally or physically impaired as the result of consuming an alcoholic beverage or using a drug or narcotic.

This offense includes driving while intoxicated and operating a bus, train, streetcar, boat, etc., while under the influence.

5. Drunkenness

Definition - To drink alcoholic beverages to the extent that one's mental faculties and physical coordination are substantially impaired.

Included are drunk and disorderly, common drunkard, habitual drunkard, and intoxication.

6. Family Offenses, Nonviolent

- Study 04720 -

Definition - Unlawful, nonviolent acts by a family member (or legal guardian) which threaten the physical, mental, or economic well-being or morals of another family member and which are not classifiable as other offenses, such as assault, incest, statutory rape, etc.

This offense includes: abandonment, desertion, neglect, nonsupport, nonviolent abuse, and nonviolent cruelty to other family members. It also includes the nonpayment of court-ordered alimony, as long as it is not considered to be contempt of court within the reporting jurisdiction.

NOTE: Do not include victims of these offenses who are taken into custody for their own protection.

7. Liquor Law Violations

Definition - The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages.

Driving under the influence and drunkenness violations are excluded. Included are violations of laws/ordinances prohibiting the maintenance of unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor; using a vehicle for the illegal transportation of liquor; etc.

8. Peeping Tom

Definition - To secretly look through a window, doorway, keyhole, or other aperture for the purpose of voyeurism.

9. Runaway

Definition - A person under 18 years of age who has left home without the permission of his/her parent(s) or legal guardian.

While running away does not constitute a criminal offense, each handling of a runaway should be reported. Include apprehensions for protective custody. Detentions (pickups) of runaways from one jurisdiction by another agency should be reported by the home jurisdiction.

10. Trespass of Real Property

Definition - To unlawfully enter land, a dwelling, or other real property.

All burglary offenses include the element of trespass. Trespass, however, involves entry with no intent to commit a felony or theft.

11. All Other Offenses

Definition - All crimes which are not Group A offenses and not included in one of the specifically named Group B crime categories listed above.

Offenses of general applicability (i.e., any offense prefixed by accessory

- Study 04720 -

before/after the fact, aiding and abetting, assault to commit, conspiracy to commit, facilitation of, solicitation to commit, threat to commit, or any other prefix identifying it as other than the substantive offense) are included in this category, if the substantive offense is within Group A. If Group B offenses are involved, classify as the substantive offense.

Generally, traffic offenses are excluded from this offense category. The vehicle-related offenses of hit and run (of a person) and vehicular manslaughter are, however, included; but driving under the influence is not as it is a separate Group B offense.
